

The State University
of New York

2012-13 Executive Budget Overview

Brian Hutzley- Vice Chancellor & Chief Financial Officer

SUNY Faculty Senate Meeting

January 27, 2012

Cornell University, Ithaca, New York

Operating Budget Summary

- 2012-13 General Fund Support essentially flat from 2011-12
 - Slight increase in general fund support for State-Operated campuses
 - Community College per FTE funding level of \$2,122 maintained
 - State support for three University Hospitals maintained at 2011-12 level
 - Statutory colleges at Cornell and Alfred University funded at 2011-12 levels
 - Adequate appropriation level to recognize \$300 resident undergraduate tuition increase also recommended*

*UG tuition increase is in accordance with second year of five year rational tuition plan

State-Operated Colleges

- Addition of \$3.8M from 2011-12 levels for certain collective bargaining costs at State-operated colleges
- No additional funding for general inflation (Requested \$4M)
- University-Wide program funding realignment recognized
- Mid-year funding increase of \$2.95M for ATTAIN & EOP continued
- Funding for last installment of tuition share (\$16.5M to bring to 50%) not included
- Requested funding for SUNY Works strategic initiatives of \$40M not included

Community Colleges

- Base Operating aid of \$2,122 per FTE student from 2011-12 maintained*
- Slight decrease in appropriation reflects changes in enrollment
- Rental Aid increased by \$406K (3.6%)
- \$653K (39%) reduction in funding for Community College Child Care Centers (reflects removal of legislatively-added funding)
- Funding to increase state-support over five years to 33% (\$21.5M or \$205/FTE) not included

*State Aid for 2011-12 budgeted at 24.8% of net operating costs

SUNY Works & State-Wide Strategic Priorities

- Variety of SUNY Works initiatives linked to NY's economic revitalization already in place, including:
 - Strive/Cradle-to-Career
 - Support for small business and entrepreneurship (SBDCs)
 - Encouraging technology development and commercialization
- To further these initiatives, SUNY will seek partnerships with other agencies and organizations

University Hospitals

- Maintains State support at 2011-12 level (\$60M)
 - 2011-12 funding level had represented a reduction of \$68.7M from 2010-11 level
 - Additional requested support for fringe benefit differential of \$55.6M not included
 - Total Fringe Differential is \$170M +

Tuition Assistance Program (TAP)

- 2012-13 Executive Budget maintains current formulas for allocating TAP awards
- Recommended appropriation reflects impact from second year of tuition increases enacted in NY SUNY 2020 legislation during 2011 fiscal year

2012-13 Executive Budget- Statutory Colleges

- Funding flat from 2011-12 levels at \$129.3M
- Alfred-Ceramics OTPS requested increase of \$245K not included
- Cornell requested collective bargaining and general inflation increases of \$2.3M not included
- Cornell requested additional funding for program expansions in Veterinary Medicine, Agricultural Innovation, & Improved Collaboration totaling \$7M not included
- Cornell Cooperative Extension formulaic OTPS increase of \$743K not included

Summary of 2012-13 Executive Budget

2012-13 State Tax Support (Millions of dollars)	2011-12 Adjusted Base	2012-13 Budget Request	2012-13 Executive Budget	Change from 2011-12	% Change from 2011-12	Change from Budget Request	% Change from Budget Request
<u>Summary</u>							
State Operated Campuses	832.3	896.5	839.2	6.9	0.8%	(57.3)	-6.4%
Statutory Campuses	129.3	138.8	129.3	-	0.0%	(9.5)	-6.8%

of New York

\$100M of Savings

5%

SUNY

Shifting Administrative Cost Savings to Instruction

Through its shared services initiative, SUNY will reduce administrative costs and move those resources toward direct instruction and student services. Over the next 3 years, all SUNY campuses will shift—at minimum—5% of their administrative spending to direct instruction and student services, resulting in \$100M being reinvested.

Faculty ! Advising ! Tutoring! Labs!

Savings will come from four main areas

Strategic Sourcing

Working with the State of New
York (DOB/OGS) and
Accenture Consulting Group
we will use our combined
buying power to drive
savings.

IT Transformation

A complete transformation of how we manage and use IT will not only drive savings but increase our overall service levels provided to our students and the campuses.

Transaction Processing

Transaction based processes will provide improved service at a reduced costs for payroll, benefits, accounts payable, travel, and other basic administrative functions.

- Savings will come from four main areas:
 - Strategic Sourcing - Working with the State of New York (DOB/OGS) and Accenture Consulting Group we will use our combined buying power to drive savings.
 - IT Transformation – As outlined below a complete transformation of how we manage and use IT will not only drive savings but increase our overall service levels provided to our students and the campuses.
 - Regional/Centralized Administrative Centers - Transaction based procesing will provide improved service at a reduced costs for payroll, benefits, accounts payable, travel, and other basic administrative functions.
 - Campus Alliance Network - Launched in August 2011, the Campus Alliance Network's partners campuses to achieve savings, efficiencies and improved services. Working together the campuses establish their own plans, but as a System we share in our successes and best practices.

Campus Alliance Network

Launched in August 2011, the Campus Alliance Network's partners campuses to achieve savings, efficiencies and improved services. Working together the campuses establish their own plans, but as a System we share in our successes and best practices.
