Announcing SUNY's Technology Accelerator Fund Class of 2013 Spring

The Research Foundation is pleased to announce the application period for the SUNY Technology Accelerator Fund (TAF) Class of 2013 Spring is now OPEN!

SUNY's Technology Accelerator Fund was launched in April 2011 to support innovation across the SUNY research community. The Technology Accelerator Fund Class of 2013 Spring will make several awards of up to \$50,000 to accelerate the development and commercialization of select SUNY technologies. The deadline to submit a proposal for consideration is March 15, 2013. The application and administrative guidelines are located [here](#).

The Technology Accelerator Fund complements SUNY's efforts to revitalize New York's economy and lead the entrepreneurial century. Business incubators, Centers of Excellence, Centers for Advanced Technology and other collaborative research ventures populate economic development regions across New York state and are built on the strength of SUNY research. They foster entrepreneurial campus cultures and support students and faculty in moving discoveries and ideas into the marketplace.

The Technology Accelerator Fund has supported 11 technologies and produced two startup companies. Read more about the Technology Accelerator Fund Class of 2011 and Class of 2012 award recipients [here](#). We look to continue the success of the Technology Accelerator Fund by funding additional awards.

Questions? E-mail TAF@rfsuny.org. All questions and answers will be posted to www.rfsuny.org/taf.
