

State University of New York 2023 Voter Engagement Report

Submitted Pursuant to New York State Election Law
Section 5-211(18)(b)

Campus: Alfred State: SUNY College of Technology

Describe the efforts of the institution to register voters in the preceding calendar year.

• Election Plan supported respectful and informed participation by the student body in the election. • Pre-election voter registration efforts included active tabling at key events such as the Activities Fair, National Voter Registration Day, voter awareness programing, and panels. • Film Series in partnership with Social and Behavioral Sciences department highlighted different topics, discussions, and voter registration at each event. • Key election information was shared across all platforms about registration, absentee ballots, early voting, and polling station location. • Voter registration tabling ongoing throughout the year in high traffic areas of campus • Partnership with student government in promoting voter registration on campus • Outlined voter registration information to all students via electronic outreach at beginning of each semester • Utilized social media, emails to students, tabling, posters, and other platforms to publicize key dates, resources, and websites. • Maintained updated website to communicate specific voter registration resources to students • Regular meetings with student and faculty/staff colleagues facilitated coordination of efforts across all three campuses. • Strategic partnership with non-partisan community partners to broaden resources and engagement

State the number of students who were registered for course work in the preceding twelve months at such institution: 3650

State the number of clicks on the links to online voter registration and absentee ballot applications: 2

State any other efforts or recommendations the institution plans to implement to improve access to voter registration and absentee ballot voting for students at the institution.

Alfred State College maintains an ongoing political engagement plan designed to enhance voter registration, voter education, and voter participation each academic year. This plan was developed with input from external and internal stakeholders and in coordination with the efforts and studies outlined below. In March 2023, Alfred State College was once again recognized as a “Voter Friendly Campus” and is one of over 258 campuses in 38 states and the District of Columbia with this designation. The “Voter Friendly Campus” recognition is a testament to efforts made to ongoing commitment to increasing democratic engagement on campus. This initiative, led by national nonpartisan organizations Fair Elections Center’s Campus Vote Project (CVP) and NASPA – Student Affairs Administrators in Higher Education, held participating institutions accountable for planning and implementing practices that encourage their students to register and vote in 2022 midterm elections and in the coming years. Alfred State was evaluated based on a campus plan about how it would register, educate, and turn out student voters in 2022, how it facilitated voter engagement efforts on campus, and a final analysis of its efforts – this designation was received and recognizes effort through the 2023-2024 academic year. Alfred State College participates in the non-partisan All IN Campus Democracy Challenge. The Challenge encourages higher education institutions to help students form the habits of active and informed citizenship, make democratic participation a core value on their campus, and cultivate generations of engaged citizens who are essential to a healthy democracy. The college is a participant in the National Study of Learning, Voting, and Engagement (NSLVE). This report is a free resource secured through a partnership with Tufts University. The report provides a fully customized report of the voting patterns of Alfred State students. This data is invaluable in developing a campus plan and developing institution appropriate goals.

At Alfred State, our political engagement efforts are focused on providing help to navigate the paperwork, regulations and other barriers that may deter students from becoming politically active. These efforts include:

- Registering students to vote during new student orientation and during move-in days.
- Embedding voter registration in the residence hall programming.
- Utilizing National Voter Registration Day, Constitution Day, and other key events to initiate voter registration campaigns.
- Holding special programs and outreach to publicize key dates, resources, and websites.
- Enlisting the assistance of the Office of the President to send reminders to students on registration and participation.

Register to Vote

As a United States citizen, you have the opportunity to make a difference by casting your vote in local, state, and federal elections. Our goal is to provide you accessible and understandable information about voter registration and voting procedures.

1. You can register using your campus address to vote which allows you to access a polling station located within minutes from campus. Use the links below to complete a voter registration form. You can choose to mail the form to a board of elections office. Or, simply drop it off to one of the staff contacts below and we'll do it for you. ***Students living on campus should use this address: MC #____, 10 Upper College Drive, Alfred, NY 14802. This will allow you to vote at the polling station located just five minutes from campus.***
2. You can register with your home address. Then, you would either need to travel back home to vote or simply request an absentee ballot from your home county's board of election. Please use the link below to request an absentee ballot.

Not sure where or if you are registered to vote? Visit https://voterlookup.elections.ny.gov/ (https://voterlookup.elections.ny.gov/).

Deadlines are found on the Board of Elections website (https://www.elections.ny.gov/VotingDeadlines.html).

The links below are for residents of New York State. Students who are residents of other states may search your state's board of elections information on the usa.gov website (http://www.usa.gov/election-office).

REGISTER TO VOTE | REQUEST ABSENTEE BALLOT

WHAT'S ON THE BALLOT | GET OUT THE VOTE

Be sure to review important dates and deadlines, below.

You have a choice!

You can register at your **home address** (typically a parent's address) or at your **on-campus or off-campus address**. Students who register at home will need to request an absentee ballot if they cannot return home to vote. If you register with your on-campus address, you will vote in the University Union for general elections. Off-campus students will vote at a polling site near their residence.

Out-of-state students can register using their Broome County address. Registering locally will not impact your residency status for tuition purposes or impact your federal financial aid. In rare cases, certain scholarships could be impacted by changing your voter registration (for example, a scholarship based on your home-state residency that uses voter registration as part of a residency determination).

You must be 18 in order to vote, but if you are 16 or 17 you can submit your voter registration form and it will become active once you turn 18.

You can change your registration at any time by filling out a new voter registration form (note Important Dates and Deadlines listed below). **You can only be registered in one location. Completing a new voter registration form will update your voter registration address.** Not sure if you're registered? Check your registration status.

Voter registration records are one of several ways that individuals may be identified for jury duty. Students should respond promptly to any jury summons and provide the required information if they are unable to serve.

Important dates and deadlines

November 8 New York General Election: polls open 6 a.m.–9 p.m.

Oct. 14	Last day to **postmark voter registration** (must be received by board of elections by Oct. 19) or **register in person** at board of elections

Oct. 19	Last day for local board of elections to ***receive*** **change of address** (only for current N.Y. registered voters who moved within the state)
Oct. 24	Last day for board of elections to ***receive*** **an absentee ballot request** by mail, online portal, email or fax
Oct. 29-Nov. 6	**Early voting**
Nov. 7	Last day to **apply in person for absentee ballot**
Nov. 8	Last day to **postmark absentee ballot** (must be received by the local board of elections by Nov. 15) and last day to **deliver ballot in person** to your county board of elections or any poll site in your county. (Note: You cannot drop off an absentee ballot from another county at a polling place in Broome County.)

Register! Enroll! Vote!

Election Day: November 8, 2022

Registration is the legal requirement you must complete to vote in **any local, state or national election. You cannot vote if not registered.**

Enrollment refers to the requirement of indicating a party preference on the registration ballot so you will be eligible to vote in **that party's primary election**. Remember that enrollment in a party does not disqualify you from voting for any candidate of any party once the general election is held. Enrollment pertains to primaries.

Primary election: Candidates in **one party** run against one another. The winner becomes that party's candidate to run against the opposition party in the General Election. Don't miss out on this important selection process in the party of your choice.

Important Dates

If you want to:	Must be done by:	How:
Register to vote for the general election	**October 19 (must be postmarked by October 14)**	Fill out an application and mail to board of elections or go to your local board of elections and fill out application
Request an absentee ballot	**October 24 (must be postmarked by October 24 for general election)**	Fill out an application and send to the board of elections

Voter Registration Applications Available: See https://www.elections.ny.gov/votingregister.html

You can register in person at your county board of elections or at any New York State Agency-Based voter registration center.

- You may also submit your voter application form at the Department of Motor Vehicles, either in person or on their web site if you already have DMV-issued identification.
- You can request a New York State Voter Registration form by mail by entering your name into our mailing list database.
- You can call our **1-800-FOR-VOTE** hotline to request a voter application.
- **Victims of Domestic Violence:** Y. Election Law (5-508) allows victims of domestic violence who obtain a court order from NY Supreme Court, Family Court or County Court in the county where they are registered to have their voter registration record kept separate and apart from other registration records and not be made available for inspection or copying by the public or any other person, except election officials acting within the course and scope of their official duties. Under a separate section of the law (11-306), you can also be excused from going to your polling place to vote and get a special ballot. For further information, you should contact your local board of elections for their confidential registration and special ballot procedures.

Qualifications to Register to Vote

- be a United States citizen;

- be 18 years old by December 31 of the year in which you file this form (note: you must be 18 years old by the date of the general, primary or other election in which you want to vote);
- resident of this state and the county, city or village for at least 30 days before the election;
- not be in prison or on parole for a felony conviction (unless parolee pardoned or restored rights of citizenship);
- not be adjudged mentally incompetent by a court;
- not claim the right to vote elsewhere.

Additional resources and information about voting can be found at the New York State Board of Elections.

Application for New York State Voter Registration

You may register to vote using the New York State Voter Registration Form accessible at the links below. You can complete the PDF version of the form by clicking on the link below, typing the necessary information and selecting the appropriate boxes. Alternatively, you can print the form to complete by hand. Once the form is completed, you need to print and sign it. Digital or Adobe-generated signatures are not accepted. Voter Registration

College students are a vital voting constituency. With so much to juggle while in college, perhaps you may not have thought about registering to vote. It's simple, and can be done online.

Engage TurboVote Community College

The SEI office has partnered with Democracy Works to provide the college with Engage TurboVote! TurboVote's online service provides students, faculty and staff with all the information and materials they need to vote in every election – local, state, and national. Students, faculty and staff can sign up in one place to start the registration process, request an absentee ballot if they want to vote by mail, and subscribe to text and email alerts about deadlines and elections that affect them as voters. Check out our site, register to vote, and vote in all election cycles!

Register to Vote

Voter registration forms are available in the Office of Student Engagement & Inclusion (Student Union), Room 115. Due to SUNY's efforts to take a more 'green' approach, there has been a reduction in the number of hard copy voter registration forms printed by the Board of Elections, and large quantities of paper voter registration forms are not available. Students can also click on the following links to download and complete a voter registration form.

Voter Registration

Hudson Valley Community College strives to inform students and employees of voter registration procedures and to provide students with voter registration information and forms.

It is important for college students to register to vote because many of the issues that impact students - such as education, war and employment - are directly impacted by elected officials.

*The Center for Access and Assistive Technology transmits to the Board of Elections every Thursday. You may drop off your completed voter registration forms by Wednesday and they will be included in the transmittal process.

I'm not from the Capital Region, should I register to vote at my local or permanent address?

As a Hudson Valley Community College student, you may register to vote in the state/county associated with your permanent address or with the New York State Board of Elections. The place where you vote will be determined by the most recent voter registration form filed with the Board of Elections.

Voting at your permanent address may be your preference if you have an interest in voting for candidates that represent your home town. An absentee ballot will allow you to vote if you're unable to return to your permanent address on Election Day. Visit the US Election Assistance Commission website for information about registering to vote, or obtaining an absentee ballot in the state of your permanent address.

If you are currently registered to vote and wish to transfer your registration to your local address, you may re-register by filling out a new registration form with your local address.

  Once the form is completed, you need to print the form and sign and date it. Then, mail the form to your county board of elections.

Change of Name and/or Address

The voter registration form should be used as a change of address form. Notices of change of address from registered voters received at least 20 days before a special, primary or general election by a county board of elections must be processed and entered in the records in time for that election.

Change of Party Enrollment

The voter registration form should be used to change your party enrollment from one party to another or to enroll for the first time in a party. A change of enrollment received up until February 14th each year will be effective immediately. Changes received on or after February 15th until seven days after the June Primary will be set aside and opened the seventh day following the June Primary and entered in the voter's registration record. Please see Deadlines referenced above.

Absentee Voting

Voter Registration

You have the right to make your voice heard through participation in local, state and national elections. The first step is to register to vote. And, once you are registered, we are committed to helping you become an engaged and informed voter.

VOTER REGISTRATION FORMS

There are a number of ways you can obtain a form to register. Paper forms will be available on campus once the college fully reopens.

You may use one of the following links to download and print a form (English or Spanish) which you will then mail to the Board of Elections for the county you are registering for.

Voter Form (PDF) (https://www.elections.ny.gov/NYSBOE/download/voting/voteform_enterable.pdf) Spanish Voter Form (PDF) (https://www.elections.ny.gov/NYSBOE/download/voting/spanishvoteform_enterable.pdf) You may also register to vote online (https://dmv.ny.gov/more-info/electronic-voter-registration-application) through the New York State Department of Motor Vehicles.

You have a choice about the address you use for voter registration. You can register at your permanent address or at the on-campus or off-campus address where you will be living while you attend MCC. Students who register at their permanent address will need to either return home to vote or vote by absentee ballot.

If you are registering at an address in New York State outside of Monroe County, you can find the address for that county on the Board of Elections website (https://www.elections.ny.gov/VotingRegister.html).

You can change your registration at any time by filling out a new voter registration form, but there are important deadlines that must be followed. You may only be registered and vote in one location at a time. When you submit a new form, the previous registration information will no longer be valid.

VOTING

All registered voters should plan to vote on Election Day. Not sure where to go to vote? Find your polling place. (https://www.nass.org/can-i-vote/find-your-polling-place)

If you know you will not be able to get to your polling place on Election Day, you can file an application for an absentee ballot. The application for an absentee ballot must be postmarked seven days prior to Election Day, but you should allow more time if possible to ensure the ballot

gets to you on time. You will receive your ballot in the mail to complete and be postmarked to the Board of Elections by the day before Election Day. Should you need to request an absentee ballot, use one of the following links (English or Spanish).

Absentee Ballot (PDF) (https://www.elections.ny.gov/NYSBOE/download/voting/AbsenteeBallot-English.pdf) Spanish Absentee Ballot (PDF) (https://www.elections.ny.gov/NYSBOE/download/voting/AbsenteeBallot-Spanish.pdf)
Do you need assistance with the registration or voting process, or have questions?

- Contact the Monroe County Board of Elections, 39 Main Street West, Rochester, NY 14614, (585) 753-1550
- Visit the Office of Student Life and Leadership Development, 3-126
- Email the Student Life and Leadership office or call (585) 292-2534

Check back regularly for additional information regarding important dates for the primaries.

Describe the efforts of the institution to register voters in the preceding calendar year.

We had multiple campaigns that included voter registration tables. Placed additional Voter registration forms in high traffic areas with students. Partnered with NYPIRG and sent out emails with links for the online registration form. In addition, we also had voter registration forms in our Center for Students with Disabilities.

State the number of students who were registered for course work in the preceding twelve months at such institution: Fall 2022: 12,109 Spring 2023: 10,731

State the number of clicks on the links to online voter registration and absentee ballot applications: •NCC's website has the following page dedicated to voter registration: https://www.ncc.edu/studentlife/voter_registration.shtml •In the past 14 months, we have had 282 total visits to our voter registration page •Because the voter registration and absentee ballot applications are linked to the electronic pdf's on the https://www.elections.ny.gov/ website, we cannot tell you how many individuals went to those pages, as they are not on our web server.

State any other efforts or recommendations the institution plans to implement to improve access to voter registration and absentee ballot voting for students at the institution.

We are planning to continue the email efforts as it allows us to reach all of our students. Our Student Activities office will also be setting up additional areas on campus to make contact with students to discuss voter registration and possibly help them if they need help completing form.

General Election Deadlines and Voting Calendar

Rules vary from state to state concerning cutoff dates for registration and address changes. Information for all the states can be found on the Election Calendar at the United States Elections Assistance Commission website.

Campus: Niagara County Community College

Describe the efforts of the institution to register voters in the preceding calendar year.

• The Student Life Office provided information and applications to any student inquiring about voter registration and signing up for absentee ballots. • On September 13th, 2022, the Student Life Office and the SGA hosted a Constitution BINGO activity and provided voter registration information during that event. • Emails were sent to all registered students to remind them of deadlines for voter registration and absentee applications for the Presidential Elections scheduled for the Primary Elections as well as the General Election. • Voter Registration information was included in our weekly student newsletter, the WeeklyWolf. Deadlines for registration were shared throughout the year. • The Student Life Office provided information about voter registration to faculty who requested information for their specific classes. This information included applications and online information to be shared with students attending the courses taught by the professors. • The Accessibility Services Office (aka Disability Services) advised students who registered for services through their office that they would provide assistance in registering students to vote if so requested. Applications were available for students who requested information in addition to online resources for registering to vote. • The College will be offering a credit-bearing course in Summer 2023, State and Local Government. The course will provide information important to voting in state and local elections. Registration is still pending for this late start course.

State the number of students who were registered for course work in the preceding twelve months at such institution: 4385 total students registered for the college.

State the number of clicks on the links to online voter registration and absentee ballot applications: 3 clicks on the actual applications; 16 views of our Voter Education page.

State any other efforts or recommendations the institution plans to implement to improve access to voter registration and absentee ballot voting for students at the institution.

This year the SGA will include voter information during their tabling for SGA Elections in hopes it will encourage students to vote in the general elections for federal, state and local candidates. A new person will be joining our Student Life Office and will be tasked with introducing more/new ways to encourage the students to register to vote.

Describe the efforts of the institution to register voters in the preceding calendar year.

Annually, we offer voter registration gamification like trivia and bingo around the time of Constitution Day in September. We also utilize an all-student e-blast in September and November to direct people to our voter registration landing webpage: https://nccc.edu/student-support/voter-registration.html. Our college has continued to be hybrid with limited student campus presence this academic year so typical voter drive table sets did not occur during 22-23 academic year.

State the number of students who were registered for course work in the preceding twelve months at such institution: 1602

State the number of clicks on the links to online voter registration and absentee ballot applications: For the period 8-1-22 thru 5-31-23, the voter-registration landing page had 87 pageviews and 74 unique pageviews.

State any other efforts or recommendations the institution plans to implement to improve access to voter registration and absentee ballot voting for students at the institution.

We recognize the need to return to voter registration drives that target our residential population and their awareness and access to absentee ballots in particular.

Get Involved: Register to Vote

One of the most basic ways for citizens to participate in a democracy is voting. To register to vote in New York state, a person must be a U.S. citizen; be 18 years old by the date of the general, primary or other election in which the person wants to vote; live at the same address at least 30 days before an election; not be in jail or on parole for a felony conviction; and not claim the right to vote elsewhere.

Voter registration forms are available on the campus of SUNY Oneonta in the President's Office in the Netzer Administration Building, the Student Disability Services Office and University Police Office in Alumni Hall, Student Association Office in the Hunt College Union, Circulation Desk at Milne Library and the Center for Multicultural Experiences.

It is extremely important that you register to vote and that you become informed about the electoral process (http://www.smartvoter.org/ny/ot/) .

Voter Registration

You have the right to make your voice heard!

OCC values the importance of voting and the impact it has on our democracy.

The first step is to register to vote and you must:

- Be a U. S. citizen.
- Be 18 years old by the date of the primary, general or other election.
- Live at your present address at least 30 days before an election.
- Not be in jail or on parole for a felony conviction and
- Not claim the right to vote elsewhere.

Once you are registered, we are committed to helping you become an engaged and informed voter.

Voter Registration Forms

There are a number of ways you can obtain a form to register. New York State Voter Registration Forms are available in the Student Orientation, Leadership and Engagement Office in Gordon 114, as well as most state agency offices, post offices, any county Board of Elections.

You may use one of the following links to download and print a form (English or Spanish) which you will then mail to the Board of Elections for the county you are registering for.

You can also access electronic versions below:

- Fillable Voter Registration PDF (English) (https://www.elections.ny.gov/NYSBOE/download/voting/voteform_enterable.pdf)
- Fillable Voter Registration PDF (Spanish) (https://www.elections.ny.gov/NYSBOE/download/voting/spanishvoteform_enterable.pdf)
- Accessible Online Voter Registration Form (English) (https://www.elections.ny.gov/NYSVoterRegistrationFormEnglish.html)
- Accessible Online Voter Registration Form (Spanish) (https://www.elections.ny.gov/NYSVoterRegistrationFormSpanish.html)

You may also register to vote online (https://dmv.ny.gov/more-info/electronic-voter-registration-application) through the New York State Department of Motor Vehicles.

You have a choice about the address you use for voter registration. You can register at your permanent address or at the on-campus or off-campus address where you will be living while you attend OCC. Students who register at their permanent address will need to either return home to vote or vote by absentee ballot.

If you are registering at an address in New York State outside of Onondaga County, you can find the address for that county on the Board of Elections website (https://www.elections.ny.gov/VotingRegister.html) .

You can change your registration at any time by filling out a new voter registration form, but there are important deadlines that must be followed. You may only be registered and vote in one location at a time. When you submit a new form, the previous registration information will no longer be valid.

For general information about the voting process, political calendar, and other important information, contact the Onondaga County Board of Elections: http://www.ongov.net/elections/ (http://www.ongov.net/elections/) or https://www.elections.ny.gov/votingregister.html (https://www.elections.ny.gov/VotingRegister.html)

Voting

All registered voters should plan to vote on Election Day. Not sure where to go to vote? Find your polling place. (https://www.nass.org/can-i-vote/find-your-polling-place)

If you know you will not be able to get to your polling place on Election Day, you can file an application for an absentee ballot. The application for an absentee ballot must be postmarked seven days prior to Election Day, but you should allow more time if possible to ensure the ballot gets to you on time. You will receive your ballot in the mail to complete and be postmarked to the Board of Elections by the day before Election Day. Should you need to request an absentee ballot, use one of the following links (English or Spanish).

- Fillable Absentee Ballot (English) (https://www.elections.ny.gov/NYSBOE/download/voting/AbsenteeBallot-English.pdf)

Describe the efforts of the institution to register voters in the preceding calendar year.

Our NYPIRG office did tabling events weekly to manually have students register to vote. In addition they would coordinate with professors to present information about voter registration in to the classes. Lastly NYPIRG held office hours daily to allow students to come in with questions or concerns about the registration process and they would assist with their registration.

State the number of students who were registered for course work in the preceding twelve months at such institution: 3067

State the number of clicks on the links to online voter registration and absentee ballot applications: We did not use electronic links to send students to register online. Instead we would manually register them to vote using paper. This past year we register 415 Purchase students to vote either on campus or at their permanent address.

State any other efforts or recommendations the institution plans to implement to improve access to voter registration and absentee ballot voting for students at the institution.

We will continue to have NYPIRG at campus events especially in the beginning of the semesters to promote awareness.

Voting Registration

A cornerstone of the Purchase College mission is to challenge members of our community to "Think Wide Open." Our institution recognizes civic engagement and voter education as an essential component of that mission and as an important part of engaging students in the democratic process.

The information outlined below serves as a concise guide to support our students as they navigate the voter registration process. As we enter the year 2020 we not only welcome a new decade, but also a presidential election cycle. We want all members of the Purchase College community to feel that there is institutional support, awareness, and supplemental resources for those engaging in the most crucial aspect of any democracy: the right to vote.

Voter Registration

The first step to voter participation is registering to vote. As a resident on campus, you are able to register to vote in this district. As an added perk, we have a polling place right on campus. To register to vote, please visit the **application for voter registration**. The application is also **available in Spanish**.

Please be sure to be mindful of the New York State **registration deadlines** to be able to vote in the upcoming 2020 presidential election. Not sure if you are registered to vote in New York State? You can

visit the **NY State Board of Elections** website to find out.

Absentee Ballots

As mentioned before, it is important to take part in voting and sharing your voice. We know that life may get in the way sometimes, but that is ok. If circumstances prevent you from voting on Election Day, you can fill out and submit an absentee ballot. In order to obtain an absentee ballot, you must first submit an **Absentee Ballot Application**. The absentee ballot application is also **available in Spanish**.

Once you submit the absentee ballot application, the absentee ballot will be mailed to the address you provide on the application. If you are planning to utilize this method to vote in the 2020 presidential election, please be mindful of the New York State absentee ballot application and absentee ballot **submission deadlines.**

Describe the efforts of the institution to register voters in the preceding calendar year.

All year-round Accessibility Services provides students with the opportunity to register for voting during our virtual intake process. This is done by providing a link to TurboVote via email or if the intake is in person a voter application form is presented to the individual for completion. In addition, voter applications are also mailed out to incoming students who are requesting services from our office. Moreover, we will continue to host National Voter Registration Day on our campus; tabling will be setup in a high-volume location with voter registration forms and voter information brochures (Individual Rights/ How to Brochures). In addition, Student Involvement will continue their RCC Votes! Campaign to assist with voter registration efforts as a part of their partnership with TurboVote, powered by Democracy Works. All efforts are primarily through weekly emails, social media posts, tabling & our "Selfie's with the President" event on National Voter Registration Day.

State the number of students who were registered for course work in the preceding twelve months at such institution: 8134

State the number of clicks on the links to online voter registration and absentee ballot applications: N/A

State any other efforts or recommendations the institution plans to implement to improve access to voter registration and absentee ballot voting for students at the institution.

As an institution we are constantly looking for new and improved ways to engage our students. Accessibility Services is planning to include Voter Registration information at more tabling sessions and Student Involvement is currently working with TurboVote team (Democracy Works) to streamline our voter registration, absentee & voting by mail ballot outreach.

VOTER REGISTRATION INFORMATION FOR STUDENTS

We are ALL IN: New Paltz students had highest voting rate in SUNY in 2020

The results are in from the ALL IN Campus Democracy Challenge for 2020, and New Paltz students finished first in the SUNY system in voter participation during last year's

HOW MAY I HELP YOU?

national elections.

New Paltz was the only SUNY institution to earn a **Gold Seal** from ALL IN, which is reserved for colleges that achieved a student voter participation rate of at least 70% in the 2020 presidential election.

"I have always known our students to be politically active and engaged within their communities," said Erica Wagner '08g (Humanistic / Multicultural Education), assistant director of community and civic engagement in the Center for Student Engagement. "We worked diligently last year, as we do every year, to ensure that all students were informed and able to make a voting plan. The Gold Seal distinction proves their dedication to the simple but powerful act of voting, despite the challenges of participating in a presidential election during a pandemic"

The culture of voting at SUNY New Paltz owes to collaboration between student groups and the Center for Student Engagement, which work to provide **voter registration access and other nonpartisan resources** to every student.

This includes many students who volunteer their time with organizations like the **New York Public Interest Research Group** (NYPIRG).

"Our work has been to make students aware of their voice, the power they hold, and how they can use it to shape their future," said Chet Guenther '22 (International Relations; Linguistics) local NYPIRG chapter president and New Paltz representative on their statewide board of directors. "When

we vote, we keep those in power accountable and ensure that our systems carry us forward to a better tomorrow. The alternative is to be left behind."

The trend at New Paltz reflects a national increase in young voters' turnout during the 2020 election, which saw unprecedented registration and ballots cast among college students according to the **National Study of Learning, Voting, and Engagement** , a research study of the Institute for Democracy in Higher Education (IDHE) at Tufts University.

The **ALL IN Campus Democracy Challenge** celebrates these advancements toward a more inclusive democracy where all voters – and especially younger demographics with traditionally lower turnout rates – can let their voices be heard.

The organization provides support to more than 1,000 participating institutions, helping normalize young voters' participation in local, state and federal elections, and encouraging student participation in the democratic process during and between elections, not just at the polls.

More information about the 2021 ALL IN Campus Democracy Challenge Awards is available here .

As a student you are able to register locally or you can register/maintain registration at your permanent hometown address. The choice is yours.

You should know that if you register locally, you can vote in all elections, including local elections that impact New Paltz. Likewise, you would not be able to vote in local elections in your hometown. If you reside on campus AND you are registered to vote locally, your designated polling location for major elections is typically the Student Union. In some special elections, the polling location may be within the village of New Paltz. Students living off campus should check the county board of elections website for their polling location.

If you choose to maintain voter eligibility in your hometown, be advised you will not be able to vote on campus during elections. You will either need to make arrangements to vote in your hometown on election days or vote absentee.

Following is a variety of resources to help you better understand voter registration in New York State. Voter registration is done by county so registration and change of registration is coordinated by the county board of elections.

For general questions regarding voter registration or upcoming elections, please contact the Center for Student Engagement at 845-257-3025, visit Student Union 211, or e-mail cse@newpaltz.edu

Confirm your Registration Status and (Re-)Register to Vote Now!

SUNY New Paltz students have the choice to register in your hometown or locally in the New Paltz area. Voter Registration is managed at the county level in New York State, so please be aware

not only of the town/municipality in which you are registered to vote, but also the county.

You will only be able to vote in local elections for the county/municipality in which you are registered to vote. Some important information when choosing whether to register at home or in New Paltz:

Confirm your current registration status and polling location at https://www.elections.ny.gov/

(**Re-)Register:** If you have moved to a new address or become available to vote in the last year, you will need to complete a new Voter Registration Form to ensure your registration is correctly recorded. This includes students who:

- moved to a different room on campus
- moved off campus
- moved on campus for the first time
- have turned 18 since the last election **OR** will be 18 as of Election Day.

Absentee or In-Person – How do you want to vote?

In-Person on Election Day: If you registered to vote locally and wish to vote in-person, then you will need to make sure you verify your polling site. You can check your polling location at any time using this link. Students who live on campus and are registered to vote in New Paltz will vote in the Student Union Multipurpose Room (2nd floor) on Election Day. Students living off campus will likely have a different polling site in the village or town.

In-person Early Voting: We are also happy to announce that SUNY New Paltz Student Union 62 (lower level) will also serve as an Early Voting Location for Ulster County in 2021. Any voter registered in Ulster County can take advantage of this convenient option during Early Voting, October 23-31 .

Absentee: You can vote by absentee ballot whether you decide to maintain voter registration in your hometown or register locally to New Paltz. However, if you choose to vote by absentee ballot this year, **please be sure to note deadlines to request a ballot.** We encourage you to complete this process as early as possible to avoid potential mail delays. See below for deadlines related to registration, absentee ballots, and more.

Describe the efforts of the institution to register voters in the preceding calendar year.

SUNY Oswego has utilized its Vote Oswego team this past calendar year to register student voters. Holding voter registration events for National Voter Registration Day, providing support in requesting absentee ballots, and tabling in collaboration with other events happening on campus, Vote Oswego established a presence over the past year (fully made up of students) encouraging and enabling other students to get more involved, learn more, and register to vote. In a staff and faculty lens, the institution currently has a Civic Engagement Coalition that works across divisions and departments to collaborate on best practices for voter engagement and civic engagement for our students across disciplines and interests. We are in the process of creating an Action Plan for our campus, as we are an ALL IN Challenge campus, so that our students and staff/faculty will have the support and resources needed come the 2024 election.

State the number of students who were registered for course work in the preceding twelve months at such institution: 5,869

State the number of clicks on the links to online voter registration and absentee ballot applications: 1,779

State any other efforts or recommendations the institution plans to implement to improve access to voter registration and absentee ballot voting for students at the institution.

SUNY Oswego this past year added a Program Coordinator for Civic Engagement and Community Services who looks to do this work year round encouraging students to build upon their civic skills and register to vote. This person focuses on adding and implementing more programming throughout the academic year to connect what students are learning in the classroom with outside of the classroom civic skill building including registering to vote. We are hoping once the action plan is in place we will be able to, as an institution, better support our students in registering to vote and connecting the importance of registering with their interests, majors, and passions. Civic Engagement Coalition has given SUNY Oswego access to collaboration efforts to better support students requesting absentee ballots as well - working with Residential Life to ensure students get an email when their absentee ballot arrives.

Campus: State University of New York College at Geneseo

Describe the efforts of the institution to register voters in the preceding calendar year.

Institution-wide efforts to register students: According to NSLVE Data - in 2020, SUNY Geneseo had a 68.2% voting rate from all eligible voters. 77.7% of registered students voted, and 87.8% of students were registered. This is compared to a 66% voting rate among all US institutions studied. In an effort to continue to achieve these results, despite the challenges posed by the pandemic, our campus employed a three-pronged approach to registering voters: Prong 1: Voter registration was incorporated into all new student programming, including the club expo, volunteer fair, and new student resources expo held in the first two weeks of the semester. Prong 2: The installation of a semi-permanent table to act as a central point of contact for students to register and receive information on voting and elections in the centrally located College Union in the weeks running up to the voter registration and absentee ballot application deadlines. Prong 3: Using our Geneseo.edu/vote website and social media to create the conditions for students to register to vote online or request an absentee ballot application. We do not know how many students our voter registration efforts yielded. Given that we take a community-based approach to registering students, it is hard to estimate how many students each department, various civically engaged student organizations, community partners, etc., are registering SUNY Geneseo students. Further, most of our students choose to register in their home counties, so publicly available county-level data is not a reliable representation or accurate predictor of our registration efforts. With that all in mind, our campus anxiously awaits the results of our 2022 NSLVE report, so that we can get a better understanding of the collective efforts of our college community. Institution-wide efforts to provide students with nonpartisan voting information: Student volunteers and members of the Geneseo Votes Coalition were trained in providing nonpartisan information to their peers. Irrespective of their own political views or those with whom they helped, they would provide nonpartisan information and resources to support student voting. Likewise, this nonpartisan ethos translated to our college website, outreach efforts (e.g., text banking), and social media campaigns. And anytime one political party is interested in visiting campus, connecting with student groups, etc., an offer is always extended to the other political party. Offering an equal benefit to both political parties locally, regionally, and statewide affords Geneseo students equal exposure to competing ideas. Institution-wide efforts to achieve Vote Registration: 1. Centrally located poll site in the College Union Ballroom: This accomplishment would not have been possible without the inter-divisional collaboration between the Division of Student and Campus Life and the Division of Academic Affairs. In particular, support from the Vice President of Student and Campus Life, the Director of Student Life, and the Office of Scheduling and Events. 2. Installed voter registration boxes in all residence halls: This accomplishment would not have been possible without the inter-divisional collaboration between the Division of Student and Campus Life and Finance and Administration. Specifically, support from the Director of Residence Life and several administrators/staff in our Facilities Department. 3. Integrate voter registration into all new student programming: This accomplishment would not have been possible without the support from the Department of Student Life and many, many incredible oriental leaders (OLs).

State the number of students who were registered for course work in the preceding twelve months at such institution: 2,819

State the number of clicks on the links to online voter registration and absentee ballot applications: 191

State any other efforts or recommendations the institution plans to implement to improve access to voter registration and absentee ballot voting for students at the institution.

Looking ahead to the 2023-2024 academic year and future years: In a recent 2021 redesign of our college values and mission, SUNY Geneseo has selected Civic Engagement as one of five values in fulfillment of our mission statement. Geneseo's value of Civic Engagement is defined as: "Encouraging active participation grounded in self-reflection, empathy, and an ethical commitment to the common good of our local and global communities." (visit: https://www.geneseo.edu/about/mission-vision-and-values). Geneseo is interested and committed to integrating the ideals of democratic engagement into both the academic disciplines and the co-curricular activities of students. The pursuit of these ideals, and the participation of all stakeholders, show our college's desire to create sustainable and universal policies that are responsive to the important civic topics that will impact the lives of our students and the entire college community. The campus is focused on developing three primary goals ahead of the 2024 elections: 1.) institutionalization of voter registration program and initiatives; 2.) developing methods for further including and educating students that feel disconnected or disenfranchised by the democratic process; 3.) further develop and strength our on-campus coalition and deepen our collaborations with community partners.

Voter Information

Why should you vote?

From The White House: "One of the most important rights of American citizens is the right to vote. Originally under the Constitution, only white male citizens over the age of 21 were eligible to vote. This shameful injustice has been corrected and voting rights have been extended several times over the course of our history.

"Today, citizens over the age of 18 cannot be denied the right to vote, regardless of race, religion, sex, disability, or sexual orientation. However, in every state except North Dakota, citizens must register to vote, and laws regarding the registration process vary by state."

THE STATE UNIVERSITY OF NEW YORK

Campus: Stony Brook University

Describe the efforts of the institution to register voters in the preceding calendar year.

Voter registration has been institutionalized at Stony Brook University, primarily via the orientation/onboarding process for incoming students. During required Welcome Week programming all students are guided through the voter registration process and are highly encouraged to submit their form, on-site (forms are then hand delivered to our local BOE.) Furthermore, this year we introduced a Democracy 101 certificate program that introduced students to the civic and democratic engagement process; this includes checking voter status/registering to vote for those students who are eligible. The University's Center for Civic Justice also hosts programming for all civic holidays. Our records indicate that we have directly registered 2,663 students this year.

State the number of students who were registered for course work in the preceding twelve months at such institution: 25710 (fall 2022), 24389 (spring 2023)

State the number of clicks on the links to online voter registration and absentee ballot applications: 1361

State any other efforts or recommendations the institution plans to implement to improve access to voter registration and absentee ballot voting for students at the institution.

We are continuing to explore cohort focused outreach/engagement/education including specific academic colleges within the institution and student club/organization strategies. We have also proposed a new program that will more deeply engage students in STEM programs. With the 2024 Election on the horizon, the Department of Student Community Development (which houses the Center for Civic Justice) will lead a campus-wide planning group; this team will focus on collaborative strategies to enhance student voter registration, education and mobilization.

Power of SUNY

Tap into the power of the largest system of public higher education in the nation — **The State University of New York (https://www.suny.edu/)**.

Campus: SUNY Brockport

Describe the efforts of the institution to register voters in the preceding calendar year.

Our primary focus for voter registration was tabling across campus. Expanding from traditional tabling in the Student Union, we also tabled in the dining hall at meal times, Residential Halls in the evening and in our SERC athletic complex and Library at various times in the day. In addition to voter registration we had QR codes that took students to sites for submitting absentee ballot requests, and seeing what the ballot would look like in their district. Becoming a polling site in this past year was a significant achievement that will have a direct impact on students and staff voting in the region. It also highlights the importance of voting to the broader campus community.

State the number of students who were registered for course work in the preceding twelve months at such institution: 6071

State the number of clicks on the links to online voter registration and absentee ballot applications: Unknown

State any other efforts or recommendations the institution plans to implement to improve access to voter registration and absentee ballot voting for students at the institution.

Prior to COVID voter registration was a part of the move-in process. It was the last station on a table of paperwork that students filled out. When the process went online, voter registration was dropped from the process. We are currently looking at how to reintegrate into the campus move-in process.

We are here to help you register and cast your ballot! But first things first...

IS YOUR HOMETOWN INSIDE OR OUTSIDE OF MONROE COUNTY?

Inside Monroe County [/life/community/voting.html#Inside%20Monroe%20County]

Outside Monroe County [/life/community/voting.html#Outside%20Monroe%20County]

So, your hometown is inside Monroe County. There are some important things to consider...

DO YOU HAVE A WAY TO GET BACK TO YOUR HOMETOWN FOR ELECTIONS?

Yes [/life/community/voting.html#Inside%20Yes] No [/life/community/voting.html#Inside%20No]

That's great that you have a way to get to your hometown. You have two options of where you want to be registered...

WHICH CANDIDATES AND POSITIONS ARE YOU MOST INTERESTED IN VOTING FOR?

Candidates and positions in my hometown [/life/community/voting.html#Inside%20home]

Candidates and positions in Brockport [/life/community/voting.html#Inside%20Brockport]

As a college student, you have the right to pick your address for voter registrations — using either your home address or your school address. There are things to consider with each option, and only you can decide which is the best way to go!

Unfortunately, you are not able to request an absentee ballot because you will be within the county on Election Day. It is recommended that you register to vote using your Brockport address if you think you won't be able to make it to the polls on Election Day.

That's okay with me [/life/community/voting.html#Inside%20Brockport]

That's unfortunate - I will take my chances and try to find a ride [/life/community/voting.html#Inside%20home]

Register with Brockport Address

This is a great option if you do not have a way to get home and are not partial to being able to vote for candidates in your hometown.

To do this, simply complete your Voter Registration Form in the Community Development Office – College Union 203 or at a Brock the Vote event.

When completing the form, use your school address (including building and room #) for the "Address Where You Live" (block 8).

On Election Day, your polling location will be within walking distance so you can feel free to head to the polls at any time!

Register with Home Address

This is a great option if you prefer to cast your vote for candidates in your hometown.

To do this, simply complete your Voter Registration Form in the Community Development Office – College Union 203 or at a Brock the Vote event.

When completing the forms, use your home address for the "Address Where You Live" (block 8). Then put your school address for the "Address Where You Receive Mail" (block 9).

On Election Day, make sure you find time to make it out to your polling location!

So, your hometown is outside of Monroe County. You now have a choice to make...

WHICH IS MORE IMPORTANT TO YOU?

HOW I vote (in person or by mail) [/life/community/voting.html#outside%20how]

WHO I can vote for (local candidates at home or Brockport) [/life/community/voting.html#outside%20who]

As a college student, you have the right to pick your address for voter registrations — using either your home address or your school address. There are things to consider with each option, and only you can decide which is the best way to go!

If you feel HOW you vote is most important...

WHICH VOTING METHOD DO YOU PREFER?

In Person [/life/community/voting.html#Outside%20Brockport]

By Mail [/life/community/voting.html#Outside%20Home]

If you feel WHO you vote for is most important...

WHICH POSITIONS AND CANDIDATES WOULD YOU RATHER HAVE A SAY IN?

Candidates and positions in my hometown [/life/community/voting.html#Outside%20Home]

Candidates and positions in Brockport [/life/community/voting.html#Outside%20Brockport]

Register with Brockport Address

This is a great option if you prefer to cast your vote in person and are not partial to being able to vote for candidates in your hometown.

To do this, simply complete your Voter Registration Form in the Community Development Office – College Union 203 or at a Brock the Vote event.

When completing the form, use your school address (including building and room #) for the "Address Where You Live" (block 8).

On Election Day, your polling location will be within walking distance so you can feel free to head to the polls at any time!

Register with Home Address

This is a great option if you prefer to cast your vote for candidates in your hometown.

To do this, simply complete your Voter Registration Form AND Absentee Ballot Application in the Community Development Office – College Union 203 or at a Brock the Vote event.

When completing the forms, use your home address for the "Address Where You Live" (block 8 and 5). Then put your school address for the Mailing Address (blocks 9 and 7). Make sure to mark the "mail ballot to me option in block 7 of the Absentee Ballot Application

Once you receive your Ballot, make sure to mail it in right away!

Campus: SUNY Buffalo State

Describe the efforts of the institution to register voters in the preceding calendar year.

Voter registration drives were held in the Student Union, and outside in the heavily trafficked plaza. Buffalo State's New York Public Research Interest Group (NYPIRG) and PUSH Buffalo also went into classes and provided opportunities for students to register to vote. Students were registered during five in-person voter registration drives hosted by the Civic and Community Engagement Office (CCE). Civic and Community Engagement (CCE) created a "voter station" inside its main office where students could stop in to pick up, complete, and drop off voter registration forms. The CCE organized on-campus events and social media campaigns to celebrate National Voter Registration Day, National Voter Education Week, and Vote Early Day. The CCE collaborated with NYPIRG to bring Early Voting Office Hours every day during Early Voting Period: Oct 26 – Nov 1, 2022. The Student Leadership and Engagement Office (SLE) invited the CCE Office and League of Women Voters to table during their Carnival of Clubs event and Bengal Pause. SLE also had an accessible place where students could pick up voter registration forms.

State the number of students who were registered for course work in the preceding twelve months at such institution: 6,445 students

State the number of clicks on the links to online voter registration and absentee ballot applications: 1,433 clicks

State any other efforts or recommendations the institution plans to implement to improve access to voter registration and absentee ballot voting for students at the institution.

The campus participated in the action plan initiative of NASPA, the Campus Vote Project, joined the NSLV's All-In challenge, and received the Voter Friendly Campus Designation" for 2023-2024. To reinforce the message to group-identified college students that their voice matters, considerable efforts were made on CCE's social media platforms (specifically, Facebook, Instagram, Twitter, and YouTube). We updated and highlighted the six short (two minute-nine minute) videos that were created and closed-captioned for IGTV (Instagram) and YouTube to educate student voters on the new CCE website's Voter Registration page. This digital strategy included significant efforts to educate students through a social media campaign on all CCE platforms, from August – November, reaching 6,934 users (saved: 33 and shares: 92). The videos were also released at the Bengals Dare to Care Day and received 384 views. To encourage students to vote, we continued with a multi-pronged approach to communication. The Civic and Community Engagement Office led with significant social media campaigns that focused heavily on voter education and voter turnout, mostly supplying tools and resources to ensure students felt confident going to the polls. This included sharing the polling location look-up tool available to all New York State registered voters, a text reminder tool available through Vote.org (reached: 3,000+ students), and information about early voting and absentee ballot opportunities and procedures. As Election Day approached, initiatives like the social media campaign, West Side Promise Neighborhood (WSPN) radio talk show (at least 1,000 listeners), Walk to the Polls event (11+ students), and the Channel 4 interview of the CCE Director (WNY regional impact), transitioned from education to voter turnout, focusing on – why to vote early, how to find an early voting location, and where to find assistance if needed, closing the Election Day with a Watch Party with about 50 students, faculty, and staff in attendance. Buffalo State has now received NSLVE data for the 2012, 2014, 2016, 2018, 2020, and 2022 election years. This comprehensive look at Buffalo State's student voting has been instrumental in planning, reporting, and understanding trends and gaps in participation. As an institution with a majority of underrepresented students, it is particularly important for us to understand the voting trends of our minority students in order to educate, register, and encourage students to turn out to vote. The data has specifically been used in the following ways: 1)Student voting trends identified in the report were used in an interview with local media. 2)A Buffalo State Daily Bulletin communication was sent to campus faculty and staff with data from the NSLVE report in an effort to invite other campus collaborators to be involved in voter engagement efforts. 3)Data was also referenced when community partners were invited to collaborate on voter engagement efforts. 4)A press release was sent to local media utilizing data when an announcement when Buffalo State was recognized on the 2022 Washington Monthly Best Colleges for Student Voting. 5)The NSLVE data and recommendations were used by the leadership committee as a frame for establishing goals and objectives for the action plan. We are particularly excited about the broad support the leadership team received from numerous new and continuing campus partners, as well as community partners leading up to the election. Collaborations were both internal and external and included the Student Leadership and Engagement Office, The Dean of Students, the Communications Department, the Political Science Department, Student Conduct and Community Standards, Academic Affairs, WSPN, League of Women Voters, and NYPIRG. Significant efforts to build community-engaged co-curricular efforts and partnerships have found common ground in civic learning and democratic engagement activities and messaging.

Victims of Domestic Violence

N.Y. Election Law (5-508) allows victims of domestic violence who obtain a court order from NY Supreme Court, Family Court or County Court in the county where they are registered to have their voter registration record kept separate and apart from other registration records and not be made available for inspection or copying by the public or any other person, except election officials acting within the course and scope of their official duties. Under a separate section of the law (11-306), you can also be excused from going to your polling place to vote and get a special ballot. For further information, you should contact your local board of elections for their confidential registration and special ballot procedures.

Campus: SUNY Canton

Describe the efforts of the institution to register voters in the preceding calendar year.

 Voter registration forms are provided to students via the S.G.A. office year-round. Forms are available by the 2nd or 3rd week of classes in the Fall during the S.G.A. Carnival of Clubs, whereby students have the opportunity to take a voter registration form, or they receive assistance with filling it out through the support of representatives from the Board of Elections staff who set up a table during this event. Completed voter registration forms are hand delivered to the Board of Elections on behalf of students. Students are provided with links to the following resources: • https://system.suny.edu/university-life/voter-registration/chrome-extension://efaidnbmnnnibpcajpcglclefindmkaj/https://system.suny.edu/media/suny/content-assets/documents/university-life/BestPractices-voter-regisration.pdf • https://www.canton.edu/accessibility/vote.html • https://www.elections.ny.gov/ • https://stlawco.org/Departments/BoardofElections • https://www.vote.org/state/new-york/ The Office of Accessibility Services will ask each new student who goes to their office if they would like to register to vote. After they offer them the opportunity to vote, they provide any assistance they may need (reading it, filling it out, etc.). The completed forms are then sent to the Board of Elections on behalf of the student(s). • The Office of Accessibility Services provides resources on their website: https://www.canton.edu/accessibility/vote.html

State the number of students who were registered for course work in the preceding twelve months at such institution: 4349

State the number of clicks on the links to online voter registration and absentee ballot applications: We received 72 page views from June 1, 2022 to May 30, 2023. No clicks on the absentee ballot.

State any other efforts or recommendations the institution plans to implement to improve access to voter registration and absentee ballot voting for students at the institution.

Other efforts or recommendations the campus plans to implement to improve access to voter registration and absentee ballot voting for its students: • We will continue our efforts with our current processes and work to improve awareness of the currently available resources.

At SUNY Optometry, we strive to cultivate an environment that encourages a sense of community, inclusion, institutional pride as well as encourages a collective purpose and shared responsibility. Your vote matters and can have an important impact on both local and federal elections. Make sure that you are registered to vote so that your voice is heard.

This site is intended to provide students and employees with non-partisan voter registration information, procedures, and forms. It is important for college students to register to vote because many of the issues impact students directly.

VOTER REGISTRATION ASSISTANCE

The Office of the Dean for Student Affairs is the National Voter Registration Act (NVRA) site at ESF. If you are not registered to vote or are registered to vote but would like to change political parties or update your address, visit the office at 110 Bray Hall. Below is additional information to assist you in this process.

Registering to Vote

In order to register to vote, you must be a citizen of the United States, have lived at the address you are registering at for at least 30 days prior to the election, not be in jail or on parole for a felony conviction, be at least 18 years of age at the time of the next election, and not claim the right to vote elsewhere. Residents of other states are eligible to register in their

home state or change their address to vote locally.

To register to vote in New York state, simply obtain a voter registration form by visiting 110 Bray Hall. Students with disabilities who need assistance in completing this process may obtain assistance from the Center for Disability Resources at Syracuse University. Other options include:

- Call 1-800-FOR-VOTE to have a NYS Voter Registration Form mailed to you
- Download and print the NYS Voter Registration Form from the New York State Board of Elections website. Included on this page are registration forms in both English and Spanish and instructions on how to submit your completed paperwork.
- Download and print the NYS Absentee Ballot Form from the New York State Board of Elections. Included on this page are ballot application forms in both English and Spanish and instructions on how to submit your completed paperwork.
- Register to vote online through the New York State Department of Motor Vehicles website
- Register to vote directly through the Onondaga County Board of

Election. The Onondaga County Board of Elections is located at 1000 Erie Blvd. West, Syracuse NY 13204. Call their office at (315) 435-8683

Frequently Asked Questions

- **As a college student living away from home, where should I register?**

You can register to vote at either your college address or at your permanent address. If you register at your permanent address and want to vote while attending ESF, you must remember to request an absentee ballot approximately 30 days before the election. Check with your state election board for the exact deadline.

- **I live in Centennial Hall and have a box number. What is the correct way to complete the registration form?**

Students living in Centennial Hall should use room/suite/apartment number Centennial Hall, 142 Oakland Street, Syracuse NY 13210 as their residence address.

- **I registered to vote at my permanent address, how do I vote while I'm away at College?**

If you are registered at your permanent address and wish to request an absentee ballot to vote in your permanent home address's district in New York see the NYS Board of Elections Absentee Ballot page.

If you live outside of New York, you must contact your local board of elections. To find your local board of elections, please visit Vote.Gov

We've concentrated on holding events during the fall semester leading up to the November election day, but with a presidential election in 2024, we'll also make efforts to register students in spring 2024. In the 2021-22 school year tabling was done at lunch time without much impact. Moving to a night time event in conjunction with the Union take over gave us more visibility and increased our interactions and application pick-ups. We'll be connecting with the local county election board to identify additional activity that would be beneficial.

Campus: SUNY Schenectady County Community College

Describe the efforts of the institution to register voters in the preceding calendar year.

Voter Registration and Mobilization Voter registration forms and absentee ballot requests were available to students in the information kiosk outside the Student Activities office (Elston Hall 223) throughout the year. Forms were also available in and around Student Affairs. Forms were distributed to students on Constitution Day and Club Carnival. National Voter Registration Day In celebration of National Voter Registration Day Student Activities distributed an updated non-partisan student voter guide. The document includes information about voter registration, detailed content about how to cast a ballot (early, on Election Day, and absentee), descriptions of NY state voter rights, what to do if your right to vote is challenged, and content about how to stay politically engaged after the election. Copies are distributed by Student Activities and SGA. Election Day Outreach To encourage participation in the local elections, Student Activities reached out to all students with a comprehensive voter guide regarding student voter rights. The guide was accompanied by non-partisan information about this year's constitutional ballot measures.

State the number of students who were registered for course work in the preceding twelve months at such institution: All students (unique headcount), Summer and Fall '22, Spring '23 = 4776. Excluding high school students = 2360

State the number of clicks on the links to online voter registration and absentee ballot applications: Voter registration: English - 1 Voter registration, Spanish - 0 Absentee ballot, English - 8 Absentee ballot, Spanish - 1

State any other efforts or recommendations the institution plans to implement to improve access to voter registration and absentee ballot voting for students at the institution.

A recommendation for the institution would be the inclusion of Voter Registration activities in all First Year Seminar courses, continued participation in National Voter Registration Days, and an increased presence by the Student Government's Civic Engagement Committee - registering voters and distributing Absentee Ballot Requests for the first half of the fall semester leading into the election season. Students should also be regularly informed about their rights as a voter, and the access to the polls - including absentee ballot processes and early voting opportunities.

STUDENT ACTIVITIES & ENGAGEMENT

Voter Registration

VOTER REGISTRATION

The State University of New York strives to inform students and employees of voter registration procedures and to provide students with voter registration information and forms. It is important for college students to register to vote because many of the issues that impact students, such as education, war, and employment, are directly impacted by elected officials.

The New York State Election Law mandates that State University campuses develop a program to provide each student with a voter registration application at the beginning of each school year and during January and February of a presidential election year.

The Department of Learning and Student Development is a National Voter Registration Act (NVRA) voter registration site.

Campus: University at Buffalo

Describe the efforts of the institution to register voters in the preceding calendar year.

o At least 84 students were registered to vote and 71 applied for absentee ballots at several voter registration events in and around the Student Union. o Voter registration forms were available in hard copy on both North and South Campus and staff spend a significant amount of time assisting students in looking up where they were registered. o UB staff collaborated on voter registration initiatives with students and with representatives from the League of Women Voters. o A free shuttle was provided from North Campus to an off-campus polling location on Election Day. o A “Get Ready to Vote” tab was available to all students though UBLinked which provides text reminders and voter engagement education to anyone who opts in. o A mass email was sent to all students at the beginning of the fall semester 2022 reminding them to register to vote and directing them to resources.

State the number of students who were registered for course work in the preceding twelve months at such institution: 30,452

State the number of clicks on the links to online voter registration and absentee ballot applications: 1037 unique pageviews, 328 unique clicks took place for voter registration and absentee ballot applications.

State any other efforts or recommendations the institution plans to implement to improve access to voter registration and absentee ballot voting for students at the institution.

• In the fall of 2023 we will send a campus wide email to students containing links to voter registration applications and absentee ballot applications. • We will post a news article on UBLinked with voter registration information and deadlines. • We aim to increase regional collaborations between WNY college campuses. • We will continue to deepen our participation in the ALL IN Campus Democracy Challenge. • We will increase student engagement with UB Votes committee. • We will improve marketing of the Election Day shuttle for campus residents. • We have hired an MSW intern to support Voter Engagement efforts leading up to the presidential election.

Voting in New York State

If you want to vote in an election, you must be registered to vote. Voter registration forms are always available in the Student Engagement office. Please note that the following information is only for domestic (not international) students.

Important Information:

- To vote at your local "school" address in Erie County, put your school address as the address where you live (line #8).

Join the UB Votes Committee!

Passionate about getting others registered to vote? Join the UB Votes Committee and connect with students, faculty, and staff to promote civic engagement on campus. Contact Student

- If you would like to vote at your permanent address but will not be in your hometown on Election Day, and you are not registered to vote, then send the voter registration form to the Board of Elections Office for your home county after checking off the box that says "Yes, I need an application for an Absentee Ballot."
- If you are already registered to vote and wish to vote by absentee ballot, download the absentee ballot application.
- To vote outside of New York State, you will need to register in your home state. You can find the voter registration form for your state at www.RockTheVote.com.

Voter Registration Deadlines

Deadlines for voter registration vary by state. Check out allintovote.org for more information about your state's registration deadlines.

Election Day On-Demand Shuttle

On Election Day, UB Parking and Transportation will provide an on-demand shuttle to a local polling site for students registered to vote with an on-campus address.

Requesting a ride to the polls is easy. Just follow these steps.

1. The on-demand shuttles, operated by Parking and Transportation Services, utilize the TransLoc app that can be downloaded to a cellphone through your app store or found online at transloc.com/app.
2. Choose your pickup and drop-off location.
    1. *Please Note: The On-Demand Election Day shuttle will only be picking up from the Governors Complex, Lee Loop and the Ellicott Complex and dropping off at Sweet Home High School*
3. The on-demand shuttle transporting students to vote will be available between 12 p.m. and 6 p.m. on Election Day.
4. Rides can be scheduled in advance and push notifications will keep you updated as to the shuttle's arrival.

Need a reminder about where and when to vote? Sign up for reminders with TurboVote through UBLinked.

Finding Your Polling Place

Not sure where your polling place is? Check out the Erie County Board of Elections site! You can search by your name and birthday for the most accurate results. If you still need help, contact the Erie County Board of Elections directly.

New York State Judicial Candidate Voter Guide

The non-partisan Judicial Candidate Voter Guide is designed to help you make a more informed decision on Election Day. It includes descriptions of elective judicial offices throughout the state. The Guide also provides a list of judicial candidates on the ballot in each county based on information provided by the state and county boards of election.
