

CHANCELLOR'S AWARD
for Student Excellence

APRIL 26, 2022

www.suny.edu

CHANCELLOR'S AWARD *for Student Excellence*

The Chancellor's Award for Student Excellence acknowledges students who have received recognition for distinguished achievements. It is the highest honor bestowed upon a student by the University. This year, 180 students from 61 campuses will receive this award.

Nominations are sought for students who have best demonstrated and been recognized for their integration of academic excellence with other aspects of their lives including leadership, campus involvement, community service, arts (creative or performing), athletics, and/or career achievement.

a note from THE CHANCELLOR

April 26, 2022

One of the great joys I experienced as President of SUNY Oswego, and now as SUNY's Interim Chancellor, is witnessing the growth of the next generation of leaders from our campuses. In speaking with these students about their academic ambitions, social lives, families and friends, personal struggles, and so much more, I have had the inspiring privilege of learning the trials and triumphs that make a student a trailblazer.

The CASE awardees we honor today exemplify the students who leave incredible legacies behind on their campus communities. These are students who fight, innovate, dream, and achieve. They are students who never fail to try their best and have proven that their best is extraordinary.

That is one of the many reasons why I am so proud to award these students with this highest recognition of their achievements—to present them with a tribute to the work they've done to better their communities, their generation, and their world. In doing so, I hope that these students will serve as a reminder to others of the support they have to follow their passions and the abilities they hold to succeed.

To this year's awardees, congratulations on receiving this well-deserved accolade; the entirety of the SUNY community, including and especially myself, is endlessly proud of your work and commitment to turning your dreams into reality. No matter what challenges you faced or the obstacles placed in your way, you remained determined to succeed. I applaud you for all that you've accomplished, and I can't wait to see what you do next.

Sincerely,

A handwritten signature in black ink, reading "Deborah F. Stanley". The signature is fluid and cursive, with a large initial "D" and "S".

Deborah F. Stanley
Interim Chancellor

CHANCELLOR'S AWARD

for Student Excellence

Special Award Winners

DIVERSITY, EQUITY AND INCLUSION

Special achievement in developing a sustained program targeted at increasing your campus awareness in this area with measurable results.

Jadesola Olayinka

*SUNY Downstate Medical
Brooklyn, NY
Medicine*

Jadesola (Jadé) Olayinka is a fourth-year medical student at SUNY Downstate Health Sciences University. She is the child of Nigerian immigrants and not afraid of hard work. Jadé truly stands out at the summit of student leadership and consistently demonstrates the highest standards of professionalism, academic excellence, outstanding leadership qualities built on respect and teamwork, exemplary interpersonal and interprofessional skills, tireless commitment for social justice, compassion, optimism, and mission focus. Her resiliency, drive for excellence, and dedication to an academic career in dermatology demonstrate that she will be a top-notch physician-scientist, astute clinician, and patient advocate.

MILITARY SERVICE

Special achievement for a former military student who has made a measurable impact on their campus.

Anne Wojtowecz, U.S. Army

*SUNY Adirondack
Hudson Falls, NY
Information Security*

Anne Wojtowecz served in the U.S. Army from August 1999 to April 2011 and was promoted through the ranks to staff sergeant. She served back-to-back tours to Iraq in Operation Iraqi Freedom. Anne has served as president of the Veterans Club and PTK. She has been on the President's List every semester and has received scholarships that recognized her achievements. Anne will graduate in May with an Associate of Science degree in information systems. She plans to

transfer to the College of St. Rose to pursue an accelerated 2-in-4 program for a bachelor's degree in cybersecurity and a master's in computer science.

Cody Crist, U.S. Army

*Buffalo State College
Cheektowaga, NY
Earth Sciences*

Cody Crist, a U.S. Army veteran and nontraditional student, is a member of the college's Muriel A. Howard Honors program. A diligent researcher, he has worked as an undergraduate student teaching assistant and earned an undergraduate summer research fellowship in geology. He has also conducted research on behalf of the college's Whitworth Ferguson Planetarium and serves as president of the college's Astronomy/Geology Club. Beyond campus, he has volunteered to train disabled/amputee veterans in rock climbing and mental health exercises. In addition, he is a volunteer firefighter at UCREST Fire Department.

Christopher Goonan, U.S. Coast Guard

*SUNY Environmental Science and Forestry
Syracuse, NY
Natural Resources Management*

Christopher Goonan is a founding member and president of ESF's Student Veterans Association. He works in the Office of Diversity, Equity, and Inclusion as ESF's first student veterans coordinator. Goonan's military services includes six years of active duty in the U.S. Coast Guard and current service in the Reserves.

Remmington Johnson, U.S. Air Force

*SUNY Oswego
Watertown, NY
Creative Writing*

Remmington served exceptionally in Afghanistan, accepting three medals for outstanding achievement. In his powerful personal statement, he reflects on the 'price' EVERY service member pays in war. The riveting story of his trials and tribulations provides the stark reality of the real cost veterans pay for service to our country.

CHANCELLOR'S AWARD

for Student Excellence

Special Award Winners

Nathan Gardner, U.S. Air Force

*Suffolk Community College
Holbrook, NY
Business Administration*

Nathan Gardner enlisted in the United States Air Force at the age of 18 and served from 2008 to 2012 as a nuclear weapons security specialist. A business administration major from Holbrook, NY, Nathan holds a 3.8 GPA and has earned Dean's List recognition for the past three semesters. He is a member of the Honors Program, PTK, and Alpha Beta Gamma, serves as president of the Students Veterans Association, and is a VA work study student.

OVERCOMING THE ODDS

Special achievement for a student that has a measurable impact in the area of disability issues, advocacy, research, general awareness, and activities.

Damon Gilstrap

*Onondaga Community College
Syracuse, NY
Human Services*

Damon was orphaned at a young age and experienced a traumatic youth riddled with violence, poverty, homelessness, and drug abuse. He eventually managed to leave the area he was originally from and made a home in Syracuse, NY. After experiencing additional strife and subsequently turning his life around, Damon suffered brain tumors and a massive stroke, which left him with a traumatic brain injury. Because of this injury, Damon still experiences significant communication and processing issues. Despite his extraordinarily difficult life and seemingly insurmountable obstacles, he will graduate from OCC in May 2022. He plans to mentor at-risk youth.

SPECIAL SERVICE 2022 (MENTAL HEALTH)

Special achievement in developing a sustained program targeted at coordinating other students' and overall campus efforts in this area with measurable results.

Malvika Narayan

*Cornell School of Human Ecology
Syracuse, NY
Human Services*

Malvika Narayan graduated from Cornell University, where she earned a Bachelor of Science in Global and Public Health Sciences with minors in Health Equity and Development Sociology. At Cornell, she was a General Program & Teaching Assistant for the Global Health Program and was involved with Class Councils, the Cornell International Affairs Society, Tarana A Cappella, Phi Mu Fraternity, Residential Life, and the College of Human Ecology Ambassadors. Throughout her undergraduate education, Malvika worked with the Pennsylvania Department of Health and the Substance Abuse and Mental Health Services Administration; upon graduation, she is working with the American Public Health Association.

CHANCELLOR'S AWARD *for Student Excellence*

Awardees

SUNY ADIRONDACK

Crystal Puterko

Latham, NY

Business Administration

Crystal is a member of Phi Theta Kappa, has been on the Dean's List for three semesters, and was a recipient of the Shirley Fox Memorial Scholarship. As a non-traditional student, she completed her associate degree full-time and online while raising her family and working. Crystal dedicates much of her time to volunteering in her community. She graduated in January 2022 with a degree in business administration and is currently pursuing a bachelor's degree in business administration from SUNY Oswego entirely online. Crystal plans on completing her MBA in finance and would like to help people achieve their financial goals.

UNIVERSITY AT ALBANY

Habib Affinnih

Rensselaer, NY

Computer Science and Applied Mathematics

Habib graduated summa cum laude in computer science and applied mathematics in three and a half years while pursuing his master's degree in computer science. He is a member of Phi Beta Kappa and the National Society of Collegiate Scholars, a certified tutor, and research assistant developing an Android application that helps spread emergency preparedness information in rural areas with low internet connectivity. Habib is involved on campus as an ambassador for the Center for Undergraduate Research and Creative

Engagement (CURCE) where he engages students by encouraging them to pursue undergraduate research.

Maxim Couillard

Bethlehem, NY

Atmospheric Science

Maxim is an energetic, caring, and creative scholar. He is a published author and gifted musician both as an avid composer and clarinetist. Maxim is the president of the University's student Television Club and has worked to produce dozens of videos. As a cancer survivor, he maximizes his time doing meaningful activities and strives to better the lives of others. He is the lead author of the research paper on ozone air pollution in the New York Metro Area published in the Journal of Geophysical Research. His research will be used to better forecast hazardous breathing conditions and improve public health.

Haisha Famuyide

Inwood, NY

Finance & Marketing

Haisha is graduating in May with a finance and marketing degree. As an active UAlbany student, she holds several leadership positions, including Director of Student Group Affairs for the Student Association and President of Sankofa Africa Organization. Haisha has a 3.84 GPA and hopes to graduate Summa Cum Laude. Haisha will begin working for Ernst & Young in the consulting department after graduation. Haisha believes that student organizations are the heart of UAlbany and a critical aid in students receiving a rounded college experience.

Julie Jasewicz

Dolgeville, NY

Honors Psychology

Julie is a passionate scholar who believes every student deserves to feel seen in academics and expresses this through the opportunity to be a student leader who advocates for that right for students. She is the president of the Newman Association, Director of Academic Affairs for the Student Association, and a part of Phi Beta Kappa Honors Society. She helped design the curriculum for a social justice minor and has maintained a 3.93 GPA in the honors psychology major with minors in leadership and international studies.

Kavipriya Kovai Palanivel

Clifton Park, NY

Biology

Kavipriya is an honors college student with an interest in medicine and public health. She is president of the Doctors For (IV) Hope organization, Writing and Critical Inquiry peer mentor, and was a guest speaker for Women in STEM sessions. Kavipriya presented her breast cancer research in both the Biology Department Undergraduate Research Symposium and Bioinformatics Summer Program hosted by the RNA Institute and has maintained a 4.0 GPA. Kavipriya is also very involved in her community, volunteering at the Albany County Department of Health during COVID-19 and in the nursing units of Albany Medical Center.

Kayleigh Ross

New City, NY

Art History

Kayleigh, a lifelong learner, is interested in the

Awardees

interdisciplinary approaches between the arts and sciences and the roles of science, public health, and policy. She wrote her departmental honors thesis on eighteenth-century medical illustrations and the developments of gynecology. She also does independent research with Dr. Lawrence Schell on American Indian and Alaskan Native adolescent mortality rates, which is pending review and publication. Kayleigh was admitted into medical school during her junior year through the Early Assurance Pathway Program (EAPP), and she will be attending Albany Medical College following her graduation.

Kevin Thomas

Albany, NY

Honors Biology

Kevin excelled in his academic endeavor of completing the Honors Program with a Bioethics minor. He served as the vice president and president for the UAlbany Red Cross and served as the treasurer and secretary for Doctors For (IV) Hope. Kevin has been highly involved with conducting single-molecule biophysics research in the Halvorsen Lab in the RNA Institute and received an undergraduate research funding award. He plans to present his findings at a Biophysical Conference in San Francisco, CA this semester. Kevin will pursue an MD from Upstate Medical University after graduation.

Christian Vitek

Walton, NY

Political Science

As a first-generation and low-income student, Christian is passionate about remediating disparities in marginalized communities. Christian was one of 18 students across NYS selected for the Senate Undergraduate Session Assistants Program. As a queer child

of rural America, Christian recognizes disparities facing marginalized communities. Christian founded Young Progressives of Delaware County (YPDC) to protect civil rights mobilization, improve rural voting rights, and expand local government accessibility. Christian served as a Purple & Gold Ambassador, Orientation Leader, Resident Assistant, and president of Alpha Phi Omega. Christian plans to continue his legislative work in the United States House of Representatives.

ALFRED STATE COLLEGE

Megan Delianne

Bayshore, NY

Digital Media & Animation

As a digital media and animation major, Megan balanced the roles of student-athlete, resident assistant, and community advocate in an extraordinarily successful way. It was this investment in her community that secured a mentorship as a technical artist with Walt Disney Animation Studios. As a tutor, Megan helped others successfully through advanced courses. As a student-athlete, Megan received the academic award for her commitment to academics as a member of the Western Equestrian Team. Megan's investment in civic engagement was also evidenced by her support during a restoration project for a historical landmark in Allegany County.

Alec Harrigan

Springville, NY

Architectural Technology

An architectural technology major with a dual minor in construction management and history, Alec is a leader on campus in organizations connected to both sustainability and architecture (American Institute of Architecture Students). He

also has extensive experience in civic engagement, volunteering his time for local communities through the Alfred State STAR Center (Southern Tier Architectural Resource). With STAR, Alec has volunteered his time to help local communities, delivering on projects like a visitor center utilizing an historic train depot.

NYS COLLEGE OF CERAMICS AT ALFRED UNIVERSITY

Maria Voss

Palmyra, NY

Ceramic Engineering

Maria is a dedicated senior ceramic engineering student at Alfred University with a strong work ethic. She is excited to progress on her senior thesis experiment of cold sintering, a process which decreases energy consumption and relates directly to her goal of working on projects beneficial to the environment. As the president of engineering honor society Tau Beta Pi, Maria has been a leader on campus and handled many responsibilities at once. She is grateful to have studied abroad in Italy last semester and gained a new perspective. Outside of school, she enjoys making crafts, shopping, eating, and traveling.

BINGHAMTON UNIVERSITY

Flynn Anderson

Union Springs, NY

Biomedical Engineering

Flynn Anderson is a first-generation, low-income student who strives to help others both directly by mentoring, tutoring, and volunteering and indirectly by conducting research on topics that could increase others' quality of life. Notable academic accomplishments include his research on 3-D printing of organs at Harvard, creation of a novel ACL

Awardees

reconstruction brace, and designing a neural implant that could help improve treatment of patients with Parkinson's disease. Flynn's dedication to helping support FGLI students is best demonstrated by his work as a teaching assistant for the Upward Bound Summer Program and as a mentor for Student Support Services.

Melina Brunelli

*Canandaigua, NY
Biochemistry*

Melina is a biochemistry major whose dedication to her studies and research has made her a Dean's List student since her start at Binghamton. Not only has she been instrumental in research at two labs on Binghamton's campus, but worked at Cornell as well. Awarded a National Science Foundation award, she was also able to participate in novel research at Michigan State. Her passion for helping others is best exemplified in her work as a teaching assistant for the campus's most difficult chemistry courses, as a COVID contact tracer, and as an animal shelter volunteer with Paws and Effect.

Adelaide Cagle

*East Hampstead NH
Biomedical Engineering*

At Binghamton, Adelaide has gained a strong biomedical foundation through her double concentration in biomaterials and computational biosystems and also has a minor in sustainability. Adelaide demonstrates her commitment to Binghamton by creating the Combat Robotics League, serving as chairperson for the Society of Women Engineers, and working as the communications coordinator for the Undergraduate Research Center. As a child, she was misdiagnosed with a rare skin disorder, and upon

learning about the biomedical field further, she became enthralled with how diseased cells can be reprogrammed. She intends to use her knowledge to enter the field of invention.

Sofia Fasullo

*Albany, NY
Geography Computer Applications and Statistics, Mathematical Sciences*

Sofia is a geographical information sciences major who applies her knowledge of the field to positively affect change. She has worked as an analyst for the Census Data Demographic Analysis in Albany to uncover how highways impact local communities, and she has collaborated with Villanova to study how landmines can be detected in Cambodia. Sofia has also devoted herself to Binghamton's campus community by serving as the director of the annual TEDx Talks for three years, developing a Women in Mathematics Club, and serving as principal clarinet for the university orchestra.

Maeve Kelly

*Selkirk, NY
Nursing*

Since her start at Binghamton University, Maeve Kelly has devoted herself to public service and engaging with the local Binghamton community. On top of her rigorous coursework as a Decker nursing student, Maeve has been active at Binghamton's local Rescue Mission and the nonprofit North of Main Community Center. Through her efforts as vice president of service and co-chair of the Poverty Simulation, Maeve has successfully engaged her peers in positively affecting Binghamton's community and raising money for community partners. Due to her continued involvement in public service, she was awarded the Strelzyn-Witt

A-OK Acts of Kindness Scholarship.

Liam McGuirk

*New City, NY
Biological Sciences and Classical Civilization*

Liam McGuirk is a member of the class of 2022 at Binghamton University, graduating with an impressive 4.0 GPA. He is pursuing a Bachelor of Science degree with a double major in biological sciences and classical civilization, demonstrating the passion for interdisciplinary studies that defines his experience at Binghamton. He is involved in a wide range of curricular and co-curricular activities ranging from a teaching assistantship to volunteering at local hospitals and schools, has experience in clinical medical research at New York Medical College, and even finds time to play the clarinet.

Hannah Nathanson

*Buffalo, NY
English*

Hannah Nathanson is a professional creative writer who dedicates herself as much to her writing as she does to engaging her community in creative opportunities. Within her first year at Binghamton, she published a chapbook of her poetry, which features 45 poems of her original work. Over the course of her writing career, she has had over 25 publications outside of her book, including articles and opinion pieces. Her love of the written word is further evidenced by her work with the on-campus Hinman Production Company, the Just Buffalo Writing Center, and the Binghamton Poetry Project.

Nicholas Pellegrino

*Manlius, NY
Computer Science and Mathematical Science*

Nicholas is pursuing a double degree in math and computer

Awardees

science. His research in artificial intelligence has landed him positions at NASA and the Autonomous Intelligent Robotics Research Lab. He has published a book and founded a board game company (Game Quill LLC) grossing more than \$20,000 in sales of one game in its first two months. His campus involvement includes active memberships in math, astronomy, HackBU, microbiology, chess, Association for Computing Machinery (ACM), Newman House, and Institute of Electrical and Electronics Engineers (IEEE) clubs. He is a member of Upsilon Pi Epsilon, Pi Mu Epsilon, and Phi Eta Sigma.

Abegail Vidrin

Sharon, MA

Integrative Neuroscience

A senior Integrative Neuroscience major at Binghamton University, Abegail boasts a 4.0 grade point average and is the recipient of the Annette Van Howe Award for her high academic achievement. Prior to her start at Binghamton, Abegail spent a gap year in Israel teaching English to high school students. She is on the Dean's List and a member of the President's Circle of Excellence. She has made exemplary contributions to both campus and local communities through her leadership roles as an RA, TA, Harpur Fellow, research assistant, and tutor through the Johnson City Mentor Program.

THE COLLEGE AT BROCKPORT

Hunter Czajkowski

Calcium, NY

Biochemistry

Hunter Czajkowski is an honors student and biochemistry major; on track to complete in three years, she has decided to pursue a

Masters of Community Health Education during her fourth year. She is the Rotaract Club president, Pre-Professional Health Club treasurer, and member of the gymnastics/track teams. She works as a research assistant and has contributed to seven journal publications. She aspires to be an orthopedic surgeon and work with military veterans. Her work with Junior Eagles empowers children, and she creates individualized strength and conditioning programs for 15 disabled youth/semester, recruits coach-athletes, and organizes schedules to make it work.

Rhonda-Lee Forbes

Queens, NY

Computer Science

Rhonda-Lee Forbes is a computer science major with dual minors in computer information systems and mathematics. A first-generation college student from Queens, NY, she has excelled in all her courses and been actively involved in computer science research. As an IT employee, she quickly became a lead student desktop technician and has held leadership roles in other jobs on campus. Her co-curricular activities have been varied, including being the VP of the Women in Technology Club, where she played an instrumental role in multiple events, and inspiring interest in IT fields by helping Girl Scouts earn coding badges.

Matthew Too

Brockport, NY

Biochemistry and Mathematics

Matthew Too is enrolled in the honors college with a double major in biochemistry and mathematics. Intending to pursue a career as a physician/researcher, he chose mathematics to understand pitfalls behind clinical studies. He chose to minor in psychology and pre-

professional health to take a more holistic approach to his discipline. He is president of the Tae Kwon Do Club, has tutored 15 different courses, and has conducted chemistry research in Germany that ultimately led to his professor and research mentor using his written directions to use codes he wrote to set up and start a series of MD simulations!

SUNY BROOME COMMUNITY COLLEGE

Jocelyn DuPuis

Owego, NY

Applied Science

Jocelyn spent 18 years in retail management and wanted to change professions to something she would thoroughly enjoy. She had been interested in the web development and management program for quite some time and realized that there was no time like the present. So, she took the leap in the fall of 2020. She is excited to be graduating in May and to start her next chapter as a web developer.

Hannah Elliott

Johnson City, NY

Communications & Media Arts

Hannah Elliott is a high-performing student in the Communications and Media Arts program, with a career objective of working in the film and tv production industry. Beginning at SUNY Broome in Fall 2020, she has demonstrated academic excellence holding a cumulative 3.875 GPA as of the end of the Fall 2021 semester, despite the challenges of attending classes remotely from home during most of the 2020-2021 school year. Hannah is scheduled to complete her 2-year communications degree in May 2022. Her top transfer choices are Buffalo State College or SUNY Oswego.

Awardees

BUFFALO STATE COLLEGE

Kassius Broadus

*Buffalo, NY
History*

Kassius is an accomplished researcher and aspiring public interest attorney who launched a thorough investigation of the Tonawanda Coke Corporation, which helped lead to its ultimate shutdown for violations of the Clean Air Act. A transgender man and non-traditional student, he is a strong advocate for an affirming environment for LGBTQ+ students. He serves as vice president of the college's chapter of Phi Alpha Theta, the national honor society in history, and as the History and Social Studies Education Department's student representative on the Dean's Student Council.

Sara Hillman

*Cheektowaga, NY
Political Science*

Sara, who has worked multiple jobs and served in the U.S. Air Force while attending college, paired her political science major with minors in philosophy and environmental science. Her academic research focused on how political actions and non-actions impact the environment. She earned an undergraduate summer research fellowship and presented her work at the college's Student Research and Creativity Conference. She has served as a senator with the college's United Students Government, president of the Student Political Society, president of the Residential Hall Association, and has volunteered with the Anne Frank Project and Bengals Dare to Care Day.

Joana Leamon

*Silver Creek, NY
Media Production*

Joana, member of the

college's Muriel A. Howard Honors Program, is an accomplished videographer and editor. She took a leading role in reviving the campus radio station and Television Club after a year of inactivity due to the pandemic. Her studies on drone operation have been an invaluable resource for students. She received the 2021 Tim Russert Media Career Award from the Buffalo Broadcasters Association (BBA) as the area's outstanding collegiate media student. She was invited to join the BBA Board of Directors as a student representative and earned a prestigious media production internship at Buffalo Toronto Public Media.

UNIVERSITY AT BUFFALO

Hannah Baker

*Norwich, NY
Sociology, Global Gender Studies,
Social Sciences Interdisciplinary
Health and Human Services*

Hannah graduates with a Bachelor of Arts in sociology, global gender studies, and social sciences interdisciplinary health and human services. She is the assistant editor of the Global Women's Empowerment Magazine; a College of Arts and Sciences sociology ambassador; the outreach coordinator for the Advocates for Girls' Education club; a teaching assistant; a community assistant; a LEAD peer mentor of Leadership House; and a mentee in Professor Oscar F. Gil-Garcia's mentoring circle. Hannah earned recognition as the Sociology and Criminology Student Spotlight and the Global Gender Studies Student Spotlight.

Temara Cross

*Buffalo, NY
Public Health and African
American Studies*

Temara Cross of Buffalo, NY, graduates with a Master of

Public Health and Bachelor of Science in public health and a Bachelor of Arts in African American studies. She served as a peer mentor, student ambassador, alternative break service trip leader, and a representative on the President's Advisory Council on Race. She researched breast cancer in Black women at Roswell Park Comprehensive Cancer Center, produced a manuscript as first-author, and presented findings at statewide conferences. A Western New York Prosperity Fellow, she is involved with organizations including Say Yes Buffalo and Open Buffalo, working to achieve educational, socioeconomic, and health equity.

Sydney Emley

*Colden, NY
Psychology*

Sydney Emley of Lackawanna, NY, graduates with a Bachelor of Arts in psychology. Sydney is a University Honors College Scholar and has been an honors college peer mentor, teaching assistant, and treasurer of the Buffalo Bull Frogs Club swim team. She has worked in a cognitive psychology research laboratory, contributing to a review paper on learning in autism spectrum disorder as well as contributing to an experimental study done on emotional regulation. She volunteers at her local food bank as well as fostering and socializing feral kittens with the Ten Lives Club cat rescue and adoption group.

Julianne Frey

*Putnam Valley, NY
Political Science and
Environmental Studies*

Julianne Frey of Putnam Valley, NY, graduates with a Bachelor of Science in environmental studies and a Bachelor of Arts in political science. Julianne is a member of the Phi Beta

Awardees

Kappa and Pi Sigma Alpha honor societies. She has been a member and peer mentor for the Leadership House living-learning community, an ambassador for the political science department, and is a senior news/features editor for the Spectrum, the university's student newspaper. She has also volunteered throughout her time at Buffalo at various community organizations and as part of an alternative spring break trip.

Kathryn Gentz

Grand Island, NY

Doctor of Pharmacy and Master of Business Administration

Kathryn Gentz of Grand Island, NY, graduates with a Doctor of Pharmacy and Master of Business Administration. Kathryn has served as president of her pharmacy class, graduate assistant to Blackstone LaunchPad, and has been inducted into both Rho Chi Society, Omega Chapter, and Phi Lambda Sigma, national pharmacy honor and leadership societies. She has been selected as a three-time Western New York Prosperity Fellow to help progress the economic development in her community and was named to Buffalo Business First's Mover and Shaker Under 25 list.

Sydné Jackson

Elmont, NY

Theatre Performance

Sydné Jackson of Elmont, NY, graduates with a Bachelor of Fine Arts in theatre performance and a certificate in creative writing. She is a University Honors College Scholar, a Millonzi Distinguished Honors Scholar, and a Pride of NY Scholarship recipient. She has served as a resident advisor for two years, a welcome weekend leader, and founder and president of Dreams Affirmed, a new initiative for performers of color at UB. Jackson has

also worked with the UB Arts Collaboratory and the Theatre and Dance Department in creating collaborative theatrical and media projects.

Siana Jacobs

Wheatfield, NY

Biomedical Sciences and Music Performance

Siana Jacobs of Wheatfield, NY, graduates with a Bachelor of Science in biomedical sciences and a Bachelor of Music in music performance with nutrition and mathematics minors. Siana is a University Honors College Scholar. She is a teaching assistant, tutor, peer mentor, and serves as the vice president of community service for UB's chapter of the National Society of Collegiate Scholars. She is a member of the choir, orchestra, and flute ensemble and previously worked as a research assistant in a smoking research lab. She also works as a pharmacy technician and volunteers at a pediatric urgent care.

Anoop Kiran

Nanuet, NY

Aerospace Engineering

Anoop Kiran of Nanuet, NY, graduates with a Bachelor of Science in aerospace engineering. Anoop, a Ronald McNair Scholar, has been a recipient of the nationally prestigious Barry Goldwater Scholarship. He has been recognized as one of the 2020 Leaders in Excellence by UB School of Engineering & Applied Sciences for his efforts as the lead volunteer for the Future Alumni Leadership Council, student ambassador for the engineering department, and a mentor for underrepresented students at the Buffalo-area Engineering Awareness for Minorities for over 3 years. He has interned at the Boeing Company improving advanced structural analysis technology on aviation safety.

Clayton Markham

Syracuse, NY

Environmental Engineering

Clayton Markham of Syracuse, NY, graduates with a Bachelor of Science in environmental engineering. Clayton is a Presidential Scholar in the University Honors College. He founded the UB Solar District Cup team, which has advanced to the national finals every year. He has performed research at SUNY Buffalo, SUNY ESF, and Syracuse University. He is also a teaching assistant for the first-year engineering seminar courses and developed a module for the computer science first-year seminar, challenging students to make computing antiracist. Since his first semester, Clayton has sung with the Buffalo Chips a cappella group, who were 2021 ICCA Finalists.

Sophie May

Cheektowaga, NY

Political Science and French

Sophie May of Cheektowaga, NY, graduates with a Bachelor of Arts in political science and French and a minor in history. She is the first UB student to receive a Charles B. Rangel International Affairs Fellowship to pursue a degree in a field relevant to the Foreign Service. She is the founder and president of the UB French Club, vice president of the Political Science Association, and a college ambassador for the Romance languages department. Sophie has also interned at the Association for Diplomatic Studies and Training, the Hudson Institute, the Joint Baltic American Committee, and the National Defense University.

Diana Olivares-Salazar

Brooklyn, NY

Spanish and Biomedical Sciences

Diana Olivares-Salazar of Brooklyn, NY, graduates with a Bachelor of Science and a Bachelor of Arts in

Awardees

biomedical science and Spanish, respectively. She has studied abroad three times, been a chemistry and Spanish tutor, and worked as a medical paralegal and as a Spanish interpreter for a law firm. Diana is a healthcare specialist in the U.S. Army National Guard and conducts military funeral honors for deceased veterans. She now also works at Roswell Park Comprehensive Cancer Center as a pharmacy technician.

Oress Fiona Pratt-MacDonald

*East Amherst, NY
Sociology*

Oress Fiona Pratt-MacDonald of East Amherst, NY, graduates with a Bachelor of Arts in sociology and a minor in psychology. She is an Advanced Honors College Scholar, student engagement ambassador, athletics student tutor, teaching assistant, self-determination assistant through People Inc., and a member of both the Dean of Students Advisory Council and the Violence Prevention Team's Student Advisory Council. Most notably, she is an upcoming panelist for Buffalo-Niagara's Association for Talent Development chapter, a campus nominee for Fulbright, and received an AmeriCorps scholarship.

Pia Franziska Schwarz

*Singen, Germany
Biological Sciences*

Pia Franziska Schwarz of Singen, Germany, graduates with a Bachelor of Science in biological sciences. Pia is a student-athlete on the University at Buffalo Women's Tennis team and member of the Department of Biological Sciences' Undergraduate Honors Program. As a student-athlete, she has represented the university at the Mid-American Conference and Northeast Regional Championships, and has been named to First and Second

All Conference and All-MAC Tournament Teams. She has served as a teaching assistant for evolutionary biology and conducted research examining evolutionary genomics, speciation, and hybridization in North American stream fish.

Julie Shapiro

*North Tonawanda, NY
General Study Concentration*

Julia Shapiro of North Tonawanda, NY, graduates with Bachelor of Science in mathematics. Julia is a University Honors College Scholar. She is a College of Arts and Sciences mathematics ambassador, an honors college ambassador and peer mentor, a teaching assistant for the Department of Mathematics, Department of Computer Science, and Department of Biostatistics, and president of the UB Mathematics Club. She currently participates in a national research experience for undergraduates with the University of Connecticut in Markov chains. She is also a recipient of the Harriet F. Montague Award for intellectual and creative promise in mathematics.

Paloma Tripathi

*Buffalo, NY
Nursing*

Paloma Tripathi of Buffalo, NY, graduates with a Bachelor of Science in Nursing. Paloma is a University Honors College Scholar. She has been a DAISY Award winner for extraordinary nursing students, nursing student mentor, and member of Indian Student Association. Paloma was selected as a Dorothy C. Darlak, Honors College, and Pride of New York Scholar to pursue her undergraduate degree in nursing. Tripathi has volunteered locally at Danceability serving as a health screener, Good Shepherd Church taking blood pressures and assisting

with food drives, and pursued a care coordinator certification to enhance her education.

COLLEGE OF TECHNOLOGY AT CANTON

Charliann Friedman

*Glenville, New York
Veterinary Technology*

Charliann is graduating with a bachelor's degree in veterinary science technology with a minor in applied psychology. She has served integral roles at SUNY Canton as a senior resident assistant, senior student ambassador, residence hall hearing chair, search committee member and student representative. She graduates knowing that she left a positive impact on the lives of others. Charliann would like to thank her family for always believing in her and supporting her, and to give a special shout-out to her mother, Jessica.

Jenna VanAllen

*Blossvale, New York
Veterinary Science Technology*

Jenna VanAllen is currently a senior at SUNY Canton majoring in veterinary science technology. She loves working with animals and has a passion for science. She has maintained President's List honors for her academic career. Jenna is very involved on campus and volunteering in her community. She is a Tau Phi Zeta Honor Society member and participates in SUNY Canton's Veterinary Technology Association and Outdoor Adventures Club. Her involvement has earned her Leaders of Tomorrow, Pillars of Character, and Spirit of Success awards. After graduating, Jenna plans to continue her education in veterinary medicine.

Awardees

CAYUGA COMMUNITY COLLEGE

Kyle Weisman

Auburn, NY

Humanities and Social Science

Kyle is a nontraditional student. He is currently the student trustee and the president of Cayuga's Phi Theta Kappa chapter. In addition, Kyle is a staff writer for The Collegian and sits on the Student Government Executive Board. Upon graduation from Cayuga, Kyle plans to pursue a bachelor's degree in psychology with the intention of ultimately obtaining a PhD in psychology. He intends on researching the psychological aspects of chronic pain. He wants to study neural maladaptation and hopes to discover how it could be prevented or reversed. He looks forward to a career in academics and research.

CLINTON COMMUNITY COLLEGE

Jessica Lashway

West Chazy, NY

Criminal Justice

Jessica Lashway is CCC's nominee for the All-USA State Academic Team and has improved the experience for the campus and community by volunteering for multiple organizations (Hospice, Stop Domestic Violence, food drives) and was a leader of the Black Lives Matter and Ending Police Brutality peaceful protest and march.

Willa McKinley

Westport, NY

Nursing

Willa W. McKinley is a non-traditional student making a career change to nursing after being inspired by a trip to Honduras with the medical mission team Global Brigades. Awarded "Outstanding First Year" nursing student, she has demonstrated academic excellence in one of the most

rigorous and competitive programs offered on campus and in the SUNY System, ranked fourth for "Best RN Programs in New York" based on NCLEX exam pass rate. In addition to her excellent academic success, Willa demonstrates leadership and commitment to the local community.

SUNY COBLESKILL

Alexandra Delvecchio

Shirley, NY

Animal Science

Alexandria Delvecchio is a senior animal science major and member of SUNY Cobleskill's honors program. She's leaving a legacy within her academic department through learning aids that she has helped develop throughout her college career. A proven campus leader through her many accolades in the classroom and through her extracurricular work, Alexandria exceptionally demonstrates the well-rounded academic and professional qualities of which our SUNY graduates are capable.

Anna Post

Bovina Center, NY

Agricultural Business Management

Anna Post is a highly decorated student-athlete, earning accolades for her many achievements across several areas of the collegiate experience. A constant fixture on the Dean's List as an agriculture business major, Anna has been recognized for her excellence by the Future Farmers of America (FFA) and many other academic and athletic awarding bodies. Anna is a model leader, respected by her peers and professors, and a driving force of student-to-student connection on our campus.

SUNY COLUMBIA-GREENE COMMUNITY COLLEGE

Brandon Zeh

Dansville, NY

Physical Therapist Assistant

Brandon Zeh, after joining the United States Marine Corps Reserves, completed one year of college at SUNY ESF, then transferred to SUNY Cortland in September of 2017. Brandon graduated from SUNY Cortland with a bachelor's degree in exercise science, then enrolled in the SUNY GCC Physical Therapist Assistant program with a planned graduation in May of 2022. He has been accepted into the SUNY Upstate Medical Doctorate of Physical Therapy program beginning in June 2022.

CORNELL - NYS COLLEGE OF AGRICULTURE & LIFE SCIENCES

Audrey Vinton

Rochester, NY

Environment & Sustainability

Audrey Vinton will graduate with her BS in environment and sustainability from Cornell University with honors in research in May 2022. She has served as a research scientist with the Howarth Lab, the Woods Hole Marine Biological Laboratory, and the Cornell Ocean Research Apprenticeship. Audrey has volunteered with numerous organizations committed to community service through CU Big Brothers/Big Sisters, Epsilon Eta, and the Cornell POST program, and served on the CALS Dean's student advisory council.

CORNELL - NYS COLLEGE OF HUMAN ECOLOGY

Anjali Velu

Morrisville, NC

Policy Analysis & Management

Anjali Velu will graduate with a degree in policy analysis and management with minors in data analysis and inequality

Awardees

studies. She has dedicated her time to various research opportunities and campus involvements surrounding social impact, especially with regards to education and diversity, equity, and inclusion. She currently serves as captain of the Varsity Equestrian team and is also heavily involved in the pre-professional community at Cornell, for which she helps organize events around campus to help students pursue their career goals. Anjali always searches for opportunities to impact others for the better and hopes to continue this desire in her future endeavors.

CORNELL - NYS COLLEGE OF INDUSTRIAL & LABOR RELATIONS

Sherell Farmer

Brooklyn, NY

Industrial & Labor Relations

Sherell Farmer is a graduating senior in the ILR School at Cornell University. She has maintained a strong GPA in addition to being a residential advisor, leading student groups, and participating in multiple campus programs. Sherell has provided her skills to various settings in service to others, including participation in the ILR High Road program, which focuses on economic development, urban revitalization, small business development and poverty alleviation in Buffalo, NY. She also served as cofounder and co-president of Cornell Students 4 Black Lives; a student-led initiative following the killing of Mr. George Floyd in the summer of 2020.

CORNELL - NYS COLLEGE OF VETERINARY MEDICINE

Jayden Robert

Overland Park, KS

Doctor of Veterinary Medicine

Jayden is a student leader with a record of academic

excellence. She has consistent ranked in the top five percent of her class, has held several leadership roles within the college, and has represented the college at national veterinary-related conferences and competitions. She has contributed to several research projects, is an author on one scientific publication, has spoken to audiences on veterinary entrepreneurship, and is the winner of several awards in the areas of veterinary business management and entrepreneurship.

CORNING COMMUNITY COLLEGE

Jaclyn Liquori

Elmira, New York

Mathematics & Sciences

Humanities and Social Sciences

Jaclyn Liquori is from Elmira, NY. She is a nontraditional student majoring in mathematics and sciences and social sciences. She is academically driven and has a passion for mathematics and a love of biology. She hopes to cultivate STEM interest in others by working in the tutoring center and volunteering with a community robotics team. She plans to transfer to a four-year university to major in math with a focus on statistical genomics and computational biology. She plans to pursue a graduate degree and hopes to utilize her aptitude in quantitative disciplines to make a difference in the world.

SUNY CORTLAND

Jenna Kratz

Cochecton, NY

Physical Education

Jenna's focus since childhood has been on helping others. In her hometown, she helped neighbors maintain their homes and property, and

she was active in 4-H and Girl Scouts, helping—for example—to rebuild a park. At SUNY Cortland, she has mentored many students and has volunteered in groups such as SUNY Cortland EMS. She has demonstrated leadership skills through these activities and others, including in her roles as a substitute teacher and as a camp counselor and unit leader. As a leader, she has nurtured the volunteer ethic and leadership qualities of children and fellow students.

Lauren Roberts

Clarence Center, NY

Exercise Science

Lauren has a 3.67 GPA and has been awarded Dean's List since Spring 2019. She has been offered peer tutoring and lab teaching assistant positions (2020-2021). Lauren was also offered an undergraduate student research position and completed several projects (Spring 2020 - present). She presented her results at Transformations (Spring 2021) and two abstracts were accepted at the regional MidAtlantic Sports Medicine Conference (November 2021). The quality and novelty of her research is worthy of publication. Her research project to measure air pressure inside a positive pressure treadmill has not yet been investigated.

Melissa Safford

Rochester, NY

CHEA

Melissa Safford is a passionate and engaged student leader from Rochester, NY. She is currently completing her Bachelor of Science in community health with a minor in women, gender, and sexuality studies at SUNY Cortland with a 4.06 GPA. Melissa is an honor student and recently completed her thesis titled "Filling in the Gaps: LGBTQ+ Inclusive

Awardees

Sexual Health Education.” Melissa has served the campus community through leadership roles in Student Government Association, NYPIRG, Eta Sigma Gamma, and as a teaching assistant in two courses.

Kasey Vaughan

*Fayetteville, NY
Sports Management*

Kasey has multiple on- and off-campus jobs, volunteers with numerous campus programs, and is an exemplary student. She has demonstrated a remarkable ability to balance professional development with academic excellence. She has been named to the Dean’s List seven times and the President’s List twice and has been granted awards and scholarships by faculty and peers. More importantly, Kasey is a caring, thoughtful, and dedicated individual who has achieved academic, professional, and personal success in face of some great personal challenges. Kasey demonstrates the best qualities of SUNY Cortland students.

SUNY DELHI

Anthony Cuchel

*Seaford, NY
Architectural Design & Building*

Architectural Design and Building major Anthony Cuchel is a highly talented and motivated student whose dedication to academic excellence has raised the bar for his entire class. Anthony pushes himself to go the extra mile, whether it’s to perfect a class assignment for his rigorous major, volunteer tirelessly for the community, or excel as a three-season student-athlete on the college track and field and cross-country teams. Accomplished in all his pursuits, Anthony is an exceptional student, teammate, and leader with the ability and ambition to succeed far beyond college.

Ryder Galvin

*Worcester, MA
Criminal Justice*

Ryder Galvin is an outstanding criminal justice student and an extraordinarily active member of the campus community, making a great impact both in his program and on campus. With a consistently high GPA, Galvin demonstrates a great work ethic and passion for criminal justice. Outside the classroom, he is the president of Campus Pride and of Upsilon Delta Epsilon coed fraternity, Greek Council treasurer, member of the Equity and Inclusion Advisory Board, program assistant for the Multicultural Center, peer educator for Health and Counseling, and more. In all his roles, he is trustworthy, focused, and a great champion for social justice.

SUNY DOWNSTATE MEDICAL CENTER

Alfonso Caetta

*Queens, NY
Medicine*

A first-generation American and college graduate, Alfonso Caetta is currently a medical student at SUNY Downstate Health Sciences University. He is a leader, currently serving as Greater Medical Student Council President and SUNY Council of Downstate Medical Center voting member. He consistently volunteers with and served on the executive council at the Anne Kastor Brooklyn Free Clinic. Through the medical educator pathway, he frequently teaches College of Medicine undergraduates, including during head and neck anatomy laboratory. His research spans subjects including adenotonsillectomy, fungal sinusitis, adolescent idiopathic scoliosis, and medical education. His extracurricular interests include Brazilian Jiu-Jitsu and entomology.

Celiker Pelin

*Brooklyn, NY
Medicine*

Pelin Celiker is a fourth-year College of Medicine student at SUNY Downstate Health Sciences University. She immigrated from Turkey by herself to pursue higher education in the United States. Her academic success as well as her contributions to student organizations, clinical research pursuits, and vested interest in the welfare of the greater Brooklyn community are exemplar. She strives to care for patients who lack a network or support through the Brooklyn Free Clinic. She is involved in numerous research projects, is engaged in campus activities, and is a mentor to others.

DUTCHESS COMMUNITY COLLEGE

Emily Hanscom

*Poughkeepsie, NY
Business Administration Transfer*

Emily Hanscom earned 30 college credits in high school. In her first semester at DCC, she completed 20 credits, earning the President’s List with a 4.0 GPA. She achieved academic excellence while working, supporting the campus community, and engaging in local community service events. Upon graduation in May, Emily will transfer to Marist College. Institutions to which she contributed her volunteering include the Smithsonian Museum, Wappingers Central School District, and Be My Eyes. Emily’s passion is to help people achieve financial stability. Her goal is to be a financial analyst in a large corporation. Her energy, determination, and enthusiasm inspire those around her.

Awardees

Kathleen Fitzmaurice

*Clinton Corners, NY
Human Services*

Kathleen Fitzmaurice is graduating with a degree in human services, achieving a 3.85 GPA. She's a member of Phi Theta Kappa Honor Society, consistently on the President's List, and dedicated and passionate about helping her peers succeed. She works in the Office of Accommodative Services as a student aide and peer mentor, supporting students with disabilities to achieve their academic goals. She believes deeply in giving back to her community and programs that helped her. After graduating, she will pursue a bachelor's and master's degree in psychology, fulfilling her passion for helping others to learn, grow, and follow their dreams.

EMPIRE STATE COLLEGE

Matthew Berge

*Bay Shore, NY
Social Science*

Matthew Berge is the father of a little boy who is seven. He is also disabled, with Stiff Person Syndrome (SPS), a rare neurological disorder with an incidence rate of one in a million. His life's passion is to advocate for other people with disabilities, and despite his challenges, he is remarkably active and involved as a student.

Azania (Sammie) Maitland

*Brooklyn, NY
Business Management and Economics*

Azania "Sammie" Maitland is an organizer, advocate, and trailblazer. Her activities as a student and within her community align with her professional aspirations, which are to reduce barriers and leave open doors that were once locked so that the promise of opportunity can be made good for all.

COLLEGE OF ENVIRONMENTAL SCIENCE AND FORESTRY

Emily Li

*Brooklyn, NY
Environmental Studies*

Emily Li is a senior in environmental studies with a concentration in environmental policy planning and law who has been an active leader since her first semester. She has earned campus awards for career advancement, leadership, and student employee of the year. Her commitment to environmental justice has driven her to engage across stakeholders to bring change to campus.

Bridget Maloney

*Rensselaer, NY
Landscape Architecture*

Bridget is in her 5th year of the SUNY ESF landscape architecture program and will graduate with her BLA in May 2022. Throughout her time at ESF, she has excelled in her coursework, had leadership roles in organizations that have significantly benefited the ESF community, and extended her time and design and artistic talents beyond the campus to engage and support the broader Syracuse community.

ERIE COMMUNITY COLLEGE

Molly McGarvey

*Buffalo, NY
Fine Arts*

Molly McGarvey is a fine arts major at SUNY Erie. She is a student representative for the college in sports and student government. Her future goals include receiving a Bachelor of Fine Arts degree in graphic design from a SUNY four-year school where she looks forward to learning new skills such as typography and interning in the field. Once graduated, she hopes to get a design job for a big corporation such as Google.

Ahmad Ramiz

*Buffalo, NY
Occupational Therapy Assistance
and Dental Assistance*

Ahmad is a senior student enrolled in the Men of Merit Program since Fall 2019. Ahmad is a very humble young man who places a priority on service. He is a gentleman who always presents himself in a professional manner, is courteous, and is concerned and respectful of his fellow man. Ahmad has a 3.702 cumulative GPA and is currently enrolled in the Occupational Therapy Assistance 2-year Degree Program and the Dental Assisting Certificate Program. I consider him dedicated and passionate about his career field and believe he will be an outstanding contribution to his career in the Dental Profession.

Jeremiah White

*Williamsville, NY
Business Administration
Sports & Leisure Studies and
Entrepreneurship*

Jeremiah White is a home-grown student. He went to Sweet Home High School, where he was a captain of the football team while excelling in the classroom with a 3.8 GPA and graduated a year early. He then joined SUNY Erie to stay local during the pandemic. At SUNY Erie, he has excelled as a leader on the field and the football team as well as in the classroom, graduating in just one year with two degrees and an entrepreneurship certificate.

FARMINGDALE STATE COLLEGE

Urfa Ajmal

*Farmingdale, NY
Electrical Engineering and
Computer Engineering*

Urfa Ajmal is an exemplary student who is a dual major in the electrical engineering and computer engineering

Awardees

technology programs. Despite working toward two academically demanding programs simultaneously, Urfa remains at the top of her programs and is on track to graduate in May 2022 with Latin honors. She is also engaged within the FSC community by serving as a peer tutor in the Tutoring Center and is president of the IEEE club. She is currently doing an internship with Central Semiconductors Corporation, Hauppauge, after a successful summer internship with National Grid.

Emily Escobar

*Central Islip, NY
Applied Psychology*

Emily Escobar graduated with a BS in applied psychology in the Fall 2021 semester. She is a mature, thoughtful, and inquisitive student whose academic capabilities are unparalleled. Emily maintained a stellar grade point average of 3.88 while balancing her responsibilities as a Research Aligned Mentorship Program scholar and student leader, undergraduate researcher, human resources intern, and student activities leader, all while graduating a semester early.

Dilcia Hernandez

*Brentwood, NY
Bioscience*

A first-generation American and first-generation college student, Dilcia Hernandez plans to use her bioscience degree to become an OB/GYN. Dilcia is a student scholar at the NYU School of Medicine Envision Scholars Program and an advisor in the Army Educational Outreach Program. On campus, she serves on the Pre-Health Professions Club and tutors at the Math Center. Dilcia also works at the American Eagle clothing store.

Sindhu Padaga

*Hauppauge, NY
Computer Programming and
Information Systems*

Sindhu Padaga is a highly intelligent, driven young woman. She has participated in multiple extracurricular activities during her time at Farmingdale and has been working on a research project with a computer systems faculty member. Sindhu has also volunteered outside the college. She strives for excellence in all of her in-class and extracurricular activities. Sindhu is a valued member of the Farmingdale community.

Delmy Santos Vigil

*Brentwood, NY
Bioscience*

Delmy Santos Vigil, a bioscience student at Farmingdale, is on track to become the first college graduate in her family, with plans to become a physician. She lives in Brentwood, is a DACA recipient, and has excelled at FSC while also juggling jobs, mentorship positions, assisting her non-English speaking parents, and helping to care for her three younger siblings. Delmy is a bright, hardworking student who embodies the highest SUNY principles.

FASHION INSTITUTE OF TECHNOLOGY

Ashley Hajimirsadeghi

*Perry Hall, MD
International Fashion Trade &
Marketing*

Ashley Hajimirsadeghi is an award-winning writer. At FIT, she was a Presidential Scholar, completed seven internships, and graduated with four minors. She was a recipient of a State Department critical language scholarship to study Bangla in Kolkata, India, and was one of ten American students selected to study writing at the University of Iowa's International Writing Program. As a student, she published

over two hundred poems and stories in magazines and helped establish The Young Writers Initiative (TYWI), an organization that empowers young writers. She aspires to continue studying gender, empowerment, and the arts in graduate school.

John Paul Jang

*Simsbury, CT
Art History & Museum Professions*

John Paul Jang earned an AAS in Fine Arts with summa cum laude honors and is pursuing a Bachelor of Science in Art History and Museum Professions at FIT. She is the recipient of the 2021 Museum at FIT Student Award for her excellence as the museum facilitator. She served as the Senator of Art History and Museum Professions, Student Chair of the School of Liberal Arts and Sciences Diversity, Equity, and Inclusion Committee, and founder of the Art Historian and Museum Professional Association. Her art has been exhibited in numerous galleries.

Namra Khan

*Middlesex, NJ
Fashion Business Management*

Namra Khan is a student leader passionate about sustainability and inclusivity. She is a Baker Scholar, resident assistant, and Clinton Global Initiative University recipient—representing FIT on a global stage of changemakers with her non-profit Waste X Change—uplifting sustainability in the fashion industry. She has balanced campus ambassador roles with Tommy Hilfiger and Rent the Runway while completing six internships at brands like Macy's and Prada. Namra is one of 10 diverse students nationwide selected as a Generation Prada intern, paired with a senior leader at the brand. She is earning a Bachelor of Science in Fashion Business Management.

Awardees

Katherine Prior

*Oklahoma City, OK
Illustration
Art History and Museum
Professions*

Katherine Prior is dedicated to serving both her campus and wider communities through service and research. In addition to maintaining a 4.0 GPA, she has been active at FIT through serving on the Student Government Association, collaborating with faculty on planning committees, and interning at the Museum at FIT. She continues as CEO for Youth Trumpet & Taps Corps, the non-profit she founded when she was 15 years old. Katherine has contributed to the wider academic community by presenting her research in art history and film studies at three academic conferences, including the Popular Culture Association National Conference.

FINGER LAKES COMMUNITY COLLEGE

Autumn Dushnick

*West Sayville, NY
Nursing*

As a child, Autumn Dushnick's family encountered financial trouble, and this is where her desire to bring joy and comfort to people began. Growing up, she swayed on how I wanted to execute this desire, but she has always thrived to do her best, whether it was fencing in high school, grades in college, or customer service in her job. She lives in Long Island while she's not at college and has resided there all of her life. In an effort to diversify her worldview, she decided to board in Canandaigua, NY, to give her access to Finger Lakes Community College.

Jeremiah Naused

*Romulus, NY
General Studies*

Jeremiah Naused grew up in a small town called Romulus, is the second oldest of five

siblings, and is the first to attend college. He made his way to FLCC following taking a gap semester after high school. He is studying to become a physician partly because he spent a lot of his childhood in and out of hospitals due to a congenital heart condition called Shone's Complex. He is taking 17+ credits a semester to graduate in three semesters while also being involved in Student Government as president and working his way through college as a pharmacy technician.

SUNY FREDONIA

Jules Hoepting

*Albion, NY
Public Relations*

Jules Hoepting is a senior public relations major with a double minor in professional writing and environmental studies from Albion, NY. She is the managing editor of The Leader, SUNY Fredonia's student-run newspaper. Her hobbies include writing, hiking, photography, and trying to find an interesting perspective of the world surrounding her.

Anders Lewis

*Airmont, NY
Music Education*

Anders Lewis is a music education student and bass player enrolled in the Masters in 5 program at SUNY Fredonia. He is a passionate musician and educator, which has carried him into the music classroom. Aside from music, he is passionate about philosophy, politics, and history, all of which have shaped his pedagogy. Anders is currently student teaching at Frontier High School and feels lucky to be surrounded by a passionate musical community. He is honored to have his passion and hard work recognized.

FULTON-MONTGOMERY COMMUNITY COLLEGE

Adnan Ahmed

*New York, NY
Business Marketing*

Adnan has been a very involved student at FMCC. He was inducted into Phi Theta Kappa in May 2020 and received the Norman R. McConney, Jr. EOP award for academic excellence and strength in overcoming personal obstacles in October 2020. Adnan was also named one of 20 EOP Student Ambassadors across the SUNY system. Beyond academic achievement, Adnan is a member of the FMCC Raiders basketball team and currently the captain of the team. He holds a 3.37 GPA in his major of business marketing.

Crystal Hutchins

*Edinburg, NY
Human Services*

Crystal Hutchins is a student majoring in human services. She has been an exemplary student at FMCC. Academically, she has been on the Dean's List each semester she has attended, currently holding a GPA of 3.98. She was inducted into the honor society for junior colleges, Phi Theta Kappa, in December 2019 and received the Fulmont Association of College Educators scholarship award twice. This award is in recognition of academic achievement and showing promise for future success. Beyond that, Crystal has been actively involved in many campus organizations and served as the student trustee during the 2020-2021 academic year.

GENESEE COMMUNITY COLLEGE

Macie Riggs

*Alexander, NY
General Studies*

Macie Riggs is a third-year

Awardees

sophomore at Genesee Community College. She grew up with two older brothers and places great importance on her relationship with her family and friends, making them a large priority in her life. She is involved with the women's soccer team and several clubs. Throughout her time at GCC, she has grown as a young adult and focused on her academics as well as her core values and strengths. She hopes to influence people's lives for the better and cannot wait to see what the future holds for her.

Brandon Zeh

Dansville, NY

Physical Therapist Assistant

I graduated from Dansville High School in 2015. I then joined the United States Marine Corps Reserves. I completed 1 year of college at SUNY ESF, then transferred to SUNY Cortland in September of 2017. I graduated from SUNY Cortland with my bachelor's degree in Exercise Science in May 2019. I am currently enrolled in the SUNY GCC Physical Therapist Assistant program and will graduate in May 2022. I have been accepted into the SUNY Upstate Medical Doctorate of Physical Therapy program beginning in June 2022.

SUNY GENESEO

Catherine Grossman

Merrick, NY

Psychology

Originally from the Philippines, Catherine Grossman is a senior psychology student from downstate New York with interests in the human brain, behavior, and solving problems, positioning her on the pre-med track. Despite challenges as an English language learner and transition to America, Catherine has earned a 3.6 GPA. She was a member of Alpha Kappa Psi, the OGC

Dance Team, and Genesee Gospel Choir. She completed an internship last summer at Asia Initiatives through the Jewish Foundation for Education of Women, allowing her to teach English to underserved children in India. She speaks two languages: English and Tagalog.

Morgan Michalski

Cheektowaga, NY

Communication

Morgan Michalski is a senior communication major from Buffalo, NY. Since her sophomore year, Morgan served as a student-athlete mentor to first-year and transfer athletes. She concluded her collegiate athletic career as a senior captain on the women's volleyball team, which appeared in three conference championships in the last four years. Most recently, Morgan worked with the orientation program as a student coordinator. In this role, she managed the orientation leader staff and assisted with the development and execution of new student programs. Post-graduation, Morgan would like to work in higher education as a student affairs professional.

Luis Yanez Zamora

East Hampton, NY

Physics and Mathematics

Luis Yanez Zamora is a first-generation physics and mathematics major. He is a McNair scholar and currently serves as a Presidential Scholar, vice chair of the Student Association Academic Affairs Committee, and student senator on the College Senate alongside participating in various national physics and math organizations. His interests include general relativity, politics, and music. During his free time, Luis tutors students struggling in math and physics and engages

in campus governance. Currently, Luis researches black holes and the production of gravitational waves. He plans to pursue a PhD in theoretical astrophysics.

HUDSON VALLEY COMMUNITY COLLEGE

Casey Leveillee

Delanson, NY

Dental Hygiene

Casey Leveillee is a student in the highly competitive Dental Hygiene Program at Hudson Valley Community College. She is an active member of the community and is very passionate about giving back. In her own word, she is "a proud member of my community, believing wholeheartedly that one's own impact, led by their passions, can not only make a sustainable, lasting impact onto others, but can also guide others to the same". She serves in many roles on campus, including peer tutor for the dental hygiene program, president of the Student American Dental Hygiene Association, and teaching assistant for the Department of Dental Hygiene. Casey is the recipient of the Otto V. Guenther Scholarship award and the Dr. Gerard A. Ripp Scholarship award, 1st place winner in the Therese C. Miranda Informative Poster Presentation, and 2nd place winner in the Third District Dental Society Greater Capital District Dental Symposium Table Clinic presentation.

David Mejias

Watervliet, NY

Individual Studies

David Mejias is an individual studies major who has been on the President's List for 5 consecutive semesters. He is the proud father of two children who serve as a source of motivation to excel. David believes in giving

Awardees

back whenever and however he can. David has served as an EOP peer leader and is currently the treasurer for the Student Senate at HVCC. David received the Norman R. McConney, Jr. award for EOP Student Excellence and is nominated for the Department of Education and Social Science Award for Excellence. He was recently accepted to Columbia University for the School of General Studies with the career aspirations of attending law school.

JAMESTOWN COMMUNITY COLLEGE

Candice Mozes

*Cattaraugus, NY
Nursing*

Candice Mozes will graduate in May 2022 with an Associate in Applied Science degree in nursing from Jamestown Community College. While a student at JCC, Candice was a student worker in the admissions office, a Resident Assistant with the Residence Life program, a student ambassador, a member of the Nursing Club, and secretary for Student Senate. Candice previously graduated from Jamestown Community College with an Associate in Arts degree in liberal arts & sciences with a focus on social sciences and psychology in Fall 2019. She has a passion for helping others and is looking forward to a career in the nursing field.

Carrie Anne Tredo

*Westfield, NY
Addictions Counseling*

Carrie Anne Tredo graduated from Jamestown Community College in December 2021 with an Associate in Science degree in addictions counseling. She was recognized on the Dean's List each semester and maintained a 4.0 GPA. During her time at JCC, Carrie

was invited to participate in the Chautauqua Addictions Services Leadership Development Program, which led to volunteer opportunities in the community. Carrie is highly committed to incorporating her passion for helping others, education, and work as an artist into her professional endeavors.

SUNY JEFFERSON

Jordan Flagg

*Henderson, NY
Business Administration*

Jordan Flagg's academic journey has been transformational. Upon enrollment in SUNY Jefferson's Hospitality and Tourism degree, he entered college as a quiet and shy freshman; however, he soon stepped out of his comfort zone, immersing himself in a variety of campus activities that allowed him to grow and evolve. Jordan's love of learning led to him seeking an additional degree, and he is on track to complete his AS in Business Administration this May. Jordan has developed from a quiet, reserved freshman to an accomplished young man who gained confidence in himself to grow as a leader while achieving academic excellence.

SUNY MARITIME COLLEGE

Meghan Eagleton

*Poughkeepsie, NY
Marine Transportation*

Midshipman Meghan Eagleton is a senior in the NROTC program at SUNY Maritime. Throughout her tenure, she has served as the NROTC battalion commander during the Fall 2021 semester and various departmental roles in the years previous. She will be earning a commission in the United States Navy as a nuclear submarine officer at the top of her class and has earned her mariner's license. She is the first female cadet

midshipman who will serve the US Navy as a nuclear submarine officer in the fleet from Maritime College. She also supports fellow students as a tutor for calculus and physics.

Christopher Myers

*Somerville, NJ
Naval Architecture*

Cadet Myers has been an integral and steadfast member of the SUNY Maritime College community, the Regiment of Cadets, and aboard the TS EMPIRE STATE VI throughout his four-year tenure at the College. He has sought out and held leadership positions of steadily increasing responsibility, serving as a chief section squad leader, an assistant company operations officer, chief cadet engineer aboard the TS EMPIRE STATE VI for his final sea term, and currently as the regimental commander for the entire Regiment of Cadets. In each of these capacities, Cadet Myers has performed at an exemplary level.

MOHAWK VALLEY COMMUNITY COLLEGE

Abbygail Coston

Vernon Center, NY Vernon Center, NY

Fine Arts and Photography Abbygail Coston has maintained a 3.98 GPA while dual majoring in photography and fine arts. She is the president of Photography Club, a member of Phi Beta Kappa, Student Government, and the Judiciary Committee. Her photography has been recognized in both local and national publications. She has also had the privilege of having her photograph accepted into the SUNY Exhibition Series. Abbygail works both in the photo lab and as a photography tutor and simultaneously runs her own photography business. She has accomplished all of

Awardees

this while maintaining her own photography business. Abbygail is striving to further her education by obtaining her Master of Fine Arts degree.

Sabah Haji

Utica, NY

Human Services and Mechatronics

Sabah Haji is a first-generation college student and daughter of refugee parents from Somalia. She is a proud alumna of the P-TECH program who is majoring in human services and will also obtain her certificate in mechatronics. Sabah is the president of MVCC's Muslim Student Association, a peer mentor, tutor, and president of MVCC's chapter of the Phi Theta Kappa Honor Society. Sabah models tremendous resilience and persistence and values the importance of her education. After graduation, she plans to transfer to a SUNY school and dual major in mechatronics and sociology.

MONROE COMMUNITY COLLEGE

Isabella DeRubeis

Rochester, NY

Political Science

Isabella DeRubeis major is a liberal arts major with a concentration in political science. Isabella is the president of the Student Government Association and a member of Phi Theta Kappa. She is also the community college representative on the SUNY Student Assembly. One of her passions is basketball and she is the captain and leading scorer on MCC's women's basketball team.

Jaysen Jeneault

Canandaigua, NY

Theatre Arts

Jaysen started at MCC in 2020 as a student-athlete on the softball team. He has continued to excel in the classroom, making Dean's

List every semester. In 2021, Jaysen was given MCC's Sportsmanship Award for his academic excellence, good sportsmanship, and his work in the community. He is majoring in the Theatre Arts program in hopes of pursuing a career as a stage manager. Jaysen has a long list of work and volunteer experience in the theatre industry.

Naomi Taggart

Rochester, NY

Political Science

Naomi Taggart is a liberal arts major with a concentration in political science. Naomi was a resident assistant and served as chief of staff in the Student Government Association for two years. Naomi received two scholarships for her volunteer work at MCC on campus and in the Rochester community. Naomi graduated from Monroe Community College in December 2021.

MORRISVILLE STATE COLLEGE

Matthew Castleberry

Oneida, NY

Science, Technology and Society

Matthew Castleberry's life experiences have helped him focus on the importance of education. After September 11, 2001, Matthew put his personal aspirations on hold so that he could serve the U.S. military. Now being an adult learner with experience as a production supervisor, he mentors younger students so that they can also achieve their goals. He credits SUNY Morrisville for the successes in his collegiate career.

Kirsten Florio

Wellsboro, PA

Hospitality Management

Kristen Florio earned her bachelor's degree in hospitality management in December 2021, making the Dean's List for five semesters and the President's List for three semesters. Kirsten

values service and creativity in providing meaningful and quality experiences for all, hence her decision to work in the hospitality industry. She was a four-year athlete on the women's volleyball team, named captain Spring 2019 through Fall 2021, worked in Career Services helping execute multiple career fairs, collecting data, and marketing the office, interned with Morrisville's DEI Office, and joined Phi Theta Kappa Honor Society in the fall of 2020. During 2021, she helped coordinate food drives with DEI-PTK Morrisville Football team, collecting 300+ pounds of donations.

NASSAU COMMUNITY COLLEGE

Farishta Ali

Farmingville, NY

Liberal Arts

Farishta Ali is a dynamic, well-respected student leader on campus and a philanthropic volunteer to numerous charities off campus. She is an honor's student, orientation leader, Biology Club secretary, and vice president of the Student Government Association. Farishta also sits on several Academic Senate and Faculty Student Association committees while volunteering off-campus as well.

Olivia Biggs

Baldwin, NY

Civil Engineering Technology

Olivia Biggs is an honors student and SUNY Pathways Scholar. She serves as an orientation leader, vice president of the American Society of Civil Engineer Club, and a member of the Phi Theta Kappa Honor Society. Olivia has coordinated and participated in COVID-19 testing on campus and has been involved in numerous clubs.

Awardees

Carl Henry Denaud

*West Babylon, NY
Business Administration*

Carl Henry Denaud is an international student from Haiti. He is a well-rounded student who is in the NCC Honors Program, an orientation leader for both Student Activities and Honors Club, and a Student Government Association student trustee. Carl is respected by his peers, administrators and faculty for his personality and hard work ethic.

Alexi Rodriguez

*Valley Stream, NY
Liberal Arts in Science*

Alexi Rodriguez is an honors student who spends most of her free time volunteering and working with the developmentally disabled. Alexi is highly involved on campus and is scheduled to co-host two seminars and one staff workshop as a contributing author and new member of the Freedom Writer Foundation.

SUNY NEW PALTZ

Sophia Acquisto

*Beacon, NY
Early Childhood and Childhood Education*

Sophia Acquisto is an Honors Program student graduating summa cum laude with a 4.0 GPA in history. Since January 2020, just before the pandemic brought digital learning into the spotlight, Sophia has been developing an educational app designed to teach Hudson Valley students local history based on their location and interests. With the support of New Paltz's undergraduate research programs, Sophia categorized and mapped 940 historically significant points across ten counties. Her work led her to land a historical research internship with the Library of Congress. Sophia will pursue a master's in educational technology.

Hanaa Ahmed

*Astoria Queens, NY
Biology*

Hanaa Ahmed, originally from Alexandria, Egypt, is an aspiring physician-scientist with many accomplishments. She has been on the Dean's List every semester and has participated in undergraduate research every semester spanning five different disciplines of study. She is an active member of the AMP & CSTEP Community (AC²) Program, the Honors Program, and Circle K International. In her spare time, she enjoys volunteering and working as an AC² general chemistry study group leader. She has been published by the American Society of Microbiology with her work "Draft Genome Sequence of *Leifsonia poae* Strain BS71, Isolated from a Drought Microcosm."

Alyssa Dudinyak

*Apalachin, NY
Painting*

Alyssa Dudinyak, a member of the Honors Program, has a 3.96 GPA and is graduating with a Bachelor of Fine Arts in painting and drawing. She volunteered with the SUNY Stands with Puerto Rico Program following Hurricane Maria. Her campus leadership roles included serving as a resilience advocate, orientation leader/peer mentor, and student ambassador. Social media and graphic design internships have prepared her to pursue a graduate degree in branding and integrated communication. Programs and departments across the university have utilized her talents, and in 2021, she served as the student speaker at convocation ceremonies.

Mackenzey McMorris

*Clintondale, NY
Finance and Black Studies*

Mackenzey McMorris is a passionate scholar crafting

his intellectual skill set around business, law, and serving communities of underrepresented populations. Raised in Upstate New York, and in his senior year at SUNY New Paltz, Mackenzey is on a dual-degree track studying finance and Black studies. His leadership roles have further solidified his passion for leading others and enacting positive change. An aspiring lawyer, Mackenzey plans on pursuing his Master of Business Administration next, then attending law school; his main objective is to combine his educational platform and social conscience to educate, mentor, advocate, and strive for social justice and civil rights.

NIAGARA COUNTY COMMUNITY COLLEGE

Maurice Jackson

*Niagara Falls, NY
Business Administration and Accounting*

Maurice Jackson is an outstanding student who holds 3.0 GPA. He is a committed leader and athlete who serves with integrity for several clubs and organizations. His memberships in these student groups have led to his service on the Intercollegiate Athletic Board, giving student athletes a voice in developing the Student Athletic Fee Budget along with strategic planning for the Athletic Department. As a student ambassador and student trustee, Maurice excels at connecting with students and representing students to the College Board. On campus, Maurice is an active participant in the NCCC community and known for going above and beyond for those he cares about.

Sonia Swann

*Tonawanda, NY
Psychology and Human Services*

Sonia Swann is an honors student who is deeply

Awardees

committed to excellence, leadership, and a strong work ethic. She remains on the Dean's List with a GPA of 3.60 with a double major and maximum course load every semester. Sonia has an impressive list of leadership roles along with several community volunteer services. She also works with the intellectually disabled at NCCC and within her community. Sonia is a single mother of three, employed full-time, and has overcome many of life's challenges, such as recently being diagnosed with Asperger's syndrome and dealing with her conditions of rheumatoid arthritis and lupus.

SUNY OLD WESTBURY

Inayah Burton

Brooklyn, NY

Psychology

Inayah Burton will graduate in May 2022 with a Bachelor of Arts in psychology, a microcredential in foundational counseling, and plans to pursue a PhD in clinical psychology. She has been a member of the Honors College since starting at Old Westbury, an active undergraduate researcher, and deeply involved in activities to enhance the quality of campus life for students. Her primary career interests are the intervention and therapeutic management of those with behavioral and mental disorders. Inayah aspires to create her own clinical practice focused on the marginalized communities that may lack access to appropriate mental health resources.

Mohammad Mian

East Rockaway, NY

Biological Sciences

Mohammad Mian is an exceptional student who truly represents the mission of Old Westbury. He has conducted research with four different

faculty members, given 14 presentations at regional and national conferences, and published two articles in campus journals. He holds leadership roles in five campus clubs and founded two, one of which was named Academic Club of the Year by the Student Government Association. He has extensive community service experience, including organizing blood drives, assisting in outreach and support of youth mental health and wellness, and EMT training to assist during the pandemic. He will earn a Bachelor of Science in biology with a minor in physics.

SUNY ONEONTA

Alyssa Carbone

New City, NY

Spanish

Alyssa Carbone is an exemplary student who has excelled academically, exhibited notable leadership skills, and made a difference through her community service. Alyssa is a third-generation speaker of Spanish and the granddaughter to four immigrants. Her professors place her in the top 99% of students and say there isn't anything Alyssa does not excel at, including academics, research, and service. Most notably, it is her passion for social justice and activism that make her an outstanding student. She demonstrated this by integrating her research project, internship, and leadership to advocate for Latino communities in the United States.

Gabrielle Cecere

Smithtown, NY

Psychology and Child & Family Studies

Gabrielle Cecere is the model of a student leader who excels academically. As president of the Student

Association, she works tirelessly for the benefit of her fellow students and SUNY Oneonta. Gabrielle extensively serves on college-wide committees ensuring that the student perspective is provided, and the student voice is heard in decision-making. Despite the time commitment involved in this level of college involvement, Gabrielle has taken great care to ensure her academic experience is equally as challenging. As a first-generation student, she maximized her educational experience by having a dual major and taking advantage of individualized learning opportunities with faculty.

Alexa Laska

Lancaster, NY

Economics

Alexa Laska is an excellent student in and out of the classroom. She is excelling in a challenging and male-dominated major and will graduate in three years. Alexa has a strong record of integrating academic excellence with co-curricular involvement, demonstrated by serving as vice president of Omicron Delta Epsilon International Economics Honor Society, president of the Economics Club, vice president of Oneonta Fights Cancer, and a resident advisor. In pursuit of her academic interests, Alexa was awarded a competitive summer research fellowship for an independent project on the Holocaust, which she has presented on campus and will be submitted for publication.

Teresa Lopez-Long

Scotia, NY

Political Science and Communication Studies

Teresa Lopez-Long is a determined, self-driven and hardworking student who obtained her bachelor's degree in December 2021 with a dual major in political

Awardees

science and communication with a pre-law concentration. She was named to SUNY's Office of Opportunity Programs (OOP) Honor Scroll for maintaining a GPA above 3.5 and inducted into several honor societies that recognize academic and leadership achievement. She has been a proven role model and mentor as a student service coordinator and EOP PACE coach. Teresa's academic pursuits and co-curricular and work activities are strong indicators of her commitment to service, community, and being a leader for change.

ONONDAGA COMMUNITY COLLEGE

Cheyenne Sinchico

Syracuse, NY

Human Services

Cheyenne Sinchico is pursuing a degree in human services at Onondaga Community College. Her future goal is to help students in high school to continue their dream and help them deal with the issues that may affect their ability to study and complete their education.

Kathleen Sullivan

Jamesville, NY

Humanities and Social Studies

AKatie Sullivan's involvement at Onondaga Community College has taught her the importance of leadership and collaboration, helping her to grow as an individual. She is a dedicated and hardworking student. After graduating, Katie plans on transferring to a four-year university to pursue a degree in communication studies and cultural anthropology.

SUNY COLLEGE OF OPTOMETRY

Stephanie Schwartz

Woodbury, NY

Optometry

Stephanie, a Long Island native, received her Honors

Bachelor's degree in Biology at the University of Delaware before matriculating at SUNY Optometry. Her commitment to optometric academic excellence is exemplified by four years of merit-based scholarships, a strong academic record and a Beta Sigma Kappa membership. Stephanie's favorite experience at SUNY was serving as Student Life Presenter during virtual interview days where she conversed with over one hundred prospective students.

Julie Song

Tempe, Arizona

Optometry

Julie Song grew up in Tempe, Arizona and graduated summa cum laude with a B.S. in Physiology from the University of Arizona Honors College. Once at SUNY Optometry, she became president of her class and catapulted her extensive involvement in the community. She has served in numerous leadership positions in student organizations and worked extensively with the Admissions Committee on recruitment. She has presented multiple posters and won various awards and scholarships in 4 years.

SUNY ORANGE

Jakob Baumgartner

West Point, NY

Engineering Science

Jakob Baumgartner, an engineering science major, is an active member of the SUNY Orange Honors Program, the Phi Theta Kappa Honors Society, and the Engineering Club. He was awarded the Presidential Honors Program Scholarship as a freshman and was chosen to present at the Northeast Regional Honors Council conference. He serves

as a student representative on the Honors Advisory Board and a lead honors peer mentor and regularly volunteers at the West Point Stables. In his free time, he is developing his skills as an amateur photographer. His plans include continuing to volunteer in his communities, transferring to a four-year school, and working as a computer engineer.

Carly Glasse

Warwick, NY

Business Administration

Carly Glasse is a student who wants to make a big impact on the world. Facing multiple demands on her time with work and academics, she still finds time for involvement in campus activities, clubs, and leadership positions. She has maintained her commitment to community service, finding ways to make a difference locally and internationally in humanitarian efforts. Carly plans to continue working in service of others by leveraging a college education into working for a non-profit institution.

SUNY OSWEGO

Caydee Blankenship

Antwerp, NY

Finance and Economics

Caydee Blankenship is a finance and economics major with a 4.0 GPA. She has received the Outstanding Economics Student Award, the Salisbury Scholarship, the Schnorr Scholarship, and the Sheldon Scholars Award. She is a senior analyst with the Investment Club, and recently passed the NYS Life, Accident, and Health Exam and is now licensed to sell insurance. She is a former member of Habitat for Humanity and VOTE Oswego. Caydee is leading a team on the 2022 Chartered Financial Analysts Research Challenge, where she built the models that forecast the value of a

Awardees

NYSE-listed company. She interned with the Carta Group and Northwestern Mutual.

Helena Buttons

*Churchville, NY
Communication & Social
Interaction and English*

Helena Buttons is a communication and English double major with a 3.63 GPA and well-rounded experiences on campus. They were a member of State Singers choir, portrayed “Medium Alison” in the theater production Fun Home, and currently serve as magazine coordinator for the Oswego chapter of the online magazine Her Campus. They have been a health educator (“sexpert”) and an intern in three offices on campus. They currently serve as coordinator of the campus food pantry (SHOP) where they have implemented a new inventory system and served record numbers of students while also implementing several new events and programs.

Matthew Lynne

*Jamesville, NY
Meteorology*

Matthew Lynne is a meteorology major with a 3.88 GPA. He developed his weather forecasting expertise through an internship at NOAA’s Weather Prediction Center, where he served as a volunteer and now is the lead forecaster and manager for the Lake-Effect Storm Prediction and Research Center (LESPaRC), providing forecasts for NYS Department of Transportation and several local school districts. He served as vice president and treasurer for the Meteorology Club, providing leadership and support for the club’s activities, including the 11th Annual Great Lakes Atmospheric Science Symposium. His passion for weather has led to excellence in academics, leadership, and within the community.

Jayvana Perez

*Ozone Park, NY
Criminal Justice and
Communication & Social
Interaction*

Jayvana Perez is an extraordinary student leader on our campus. Her involvements include the Latino Student Union, two campus health peer education programs, student government, Title IX, First Year Experience, as well as volunteering at the campus food pantry, in local school districts, and on an alternative winter break trip to Puerto Rico. She is now serving in several leadership positions and has been awarded three prestigious campus scholarships, the Hubert Smith Diversity scholarship, the Eugenio Maria de Hostos scholarship, and the Jean Grant Student Peer Health Educator scholarship. She excels in all of her involvements and contributes significantly to her community.

SUNY PLATTSBURGH

Willie Corley

*Johnstown, New York
Biomedical Sciences*

Willie Corley conducted research as a first-year student in the Howard Hughes Medical Institute SEAPHAGES lab and has since done research in chemistry and genetics, leading to a presentation at the SUNY Undergraduate Research Conference. A student in the Honors Program, Willie has served as a peer mentor, community advocate in campus housing, treasurer of the Pre-Medical/Pre-Health Association, member of the gospel choir, and secretary of Club Caribbean. As vice president of the Student Diversity Council, Willie has been a vocal campus advocate for LGBTQIA+ students and the BIPOC community.

Bailey Dell’Erba

*Babylon, New York
TV Video Production & Digital
Media*

Bailey Dell’Erba is a teaching assistant, media support intern and technician, president of Dance Corps, producer with Plattsburgh State Television, and social media director of the Media Club. She also serves as the Student Association’s coordinator of clubs and organizations and is a member of Omicron Delta Kappa honor society. Her internship work, as well as her role with the Media Club, have advanced campus awareness of diversity, equity, and inclusion issues with focus on accessibility for those who are differently abled in addition to highlighting contributions to the communications field by BIPOC individuals and women.

Hadar Pepperstone

*Wichita, Kansas
Environmental Science and
Environmental Planning and
Management*

Hadar Pepperstone is engaged in an honors research project on “Equity and Access Following Natural Disaster.” She has held selective internships with the PSEG Institute for Sustainability Studies and the Plattsburgh Project for Understanding Place. She was also a research assistant for the Social Political Economic Analysis Group for the International Joint Commission Study on the Lake Champlain-Richelieu River. Hadar is president of the campus chapter of Hillel, performs in the campus a capella group, and has served as a teaching assistant. Hadar also volunteered with Keshet, an LGBTQ+ Jewish Youth Advocacy group, as a mentor for adolescents.

Awardees

SUNY POLYTECHNIC INSTITUTE

McKenzie Albrecht

Delmar, NY

Nanoscale Science

McKenzie Albrecht is a senior in the College of Nanoscale Science and Engineering (CNSE) and will graduate with a Bachelor of Science in nanoscale science with a concentration in biology and minor in mathematics in May 2022. An exceptional and dedicated student, McKenzie has been involved with nanoscale science research since her first year at SUNY Polytechnic Institute and has participated in numerous research internships. McKenzie is highly involved in the campus community as a leader in student government and admissions ambassador for the institution. She also excelled academically, having been named to the Dean's or President's List each semester at SUNY Poly.

Garrett Hassard

Oneonta, NY

Accountancy

Garrett Hassard is a hardworking, highly driven student-athlete who strives for the best in all that he does. He leads by example, whether on the court, in the classroom, or while organizing or participating in extracurricular activities. His academic success, including Dean's and President's List honors, and contributions to the student experience in athletic and student government leadership roles have positively contributed to the overall student experience at SUNY Polytechnic Institute.

SUNY POTSDAM

Aliaksandra Reutovich

Brooklyn, NY

Biology and Biochemistry

Aliaksandra is a dual biology and biochemistry major at SUNY Potsdam who has

participated in undergraduate chemistry research since her first semester. Her resourcefulness in handling challenging situations, dedication, enthusiasm, creativity, and ability to quickly learn and adapt are characteristics of a great scholar. Upon her graduation in May, she will have co-authored five peer-reviewed publications, including one featured on the cover of the internationally renowned journal *Metallomics*, and she has presented her findings at five regional and national symposia. A gifted student, Aliaksandra has been recognized with several awards, including the prestigious Barry Goldwater Scholarship.

Gideon Smith

Potsdam, NY

Chemistry

Gideon has distinguished himself among his peers through his passion, professionalism, and fine attention to detail. As a chemistry major with dual minors in biology and wilderness education, Gideon competes on SUNY Potsdam's cross-country and track and field teams. He is a prolific undergraduate chemistry researcher who has co-authored four peer-reviewed publications, with two more papers set to publish this spring. He has presented his research at four regional and national conferences. Gideon is a certified wilderness leader who is actively involved in the Venture Outdoors program. He is experienced in backpacking, wilderness navigation, and ice and rock climbing.

SUNY PURCHASE

Corina Picon

Irvington, NY

Psychology

Corina Picon is a psychology

major graduating this May with a 4.17 GPA. Her nomination file attests to her numerous accomplishments, academic excellence, leadership, campus involvement, community service, and career aspirations. Corina was selected by her faculty to serve as a learning assistant in the rigorous psychology research methods class, is the president of the Psychology Club, organizing and running more than 10 events this semester alone, has interned with the Purchase Leadership and Bystander Intervention Program and the Career Development Center, both counseling roles, and serves off campus as a dedicated volunteer for BBBS and other agencies.

Laila Wilson

Freeport, NY

Playwriting & Screenwriting

Laila Wilson completed her BA a semester early, majoring in playwriting and screenwriting with a minor in psychology and film/video production. Laila produced the Purchase 2020 Point of View Festival, which brought together students across many disciplines to showcase new student work in inventive ways in the midst of the pandemic; she is a YoungArts screenplay winner and the recipient of the SUNY ACT Scholarship as well as the student representative for Purchase College at the Kennedy Center American College Theatre Festival, where she was also selected to be the Playwriting Intensive writer, administrative intern, and ASPIRE/LORT Fellow.

ROCKLAND COMMUNITY COLLEGE

Amanda Ng

Suffern, NY

Honors Math & Science

Amanda Ng is one of the most academically talented

Awardees

students at RCC with a 3.91 GPA through the end of the Fall 2021 semester. She is a member of the Honors Program, has been on the Dean's List each semester at RCC, is the VP of Leadership of the PTK Honor Society, has won numerous scholarship awards, and has served as a member of the campus's Student Government Association.

Jolie Santiago

New City, NY

Humanities and Social Science

Jolie Santiago is an honors student at RCC with a 3.84 GPA and with strong interests in journalism and marketing. Jolie serves on the RCC President's Society, as a student worker in the Strategic Marketing Department, as president of the Marketing Club, and as captain of the RCC women's volleyball team. A dedicated community volunteer, she has worked for People to People, the county's food bank, to help those with food insecurity.

SUNY SCHENECTADY COUNTY COMMUNITY COLLEGE

Jennifer Malave

New York City, NY

Human Services

Jennifer Malave graduated in December 2021 with an AS in Human Services and a GPA of 3.9. Living in the Bronx, she started her career at the Commission on Human Rights and went on to run her own personal concierge service for years before returning to college at SUNY Schenectady. Jennifer served as president of the Student Government Association, where she created a very inclusive environment and encouraged students to join and become engaged in the campus community. She was also very intentional in collaborating with other organizations and

departments, fostering a cohesive campus experience.

STONY BROOK UNIVERSITY

Maya Brown

Freeport, NY

Journalism and Political Science

Maya is a journalism and political science double major at Stony Brook University pursuing a career in broadcast journalism with a passion for social justice. She has interned for NBC News, CNN, the Council on Foreign Relations, and WSHU Public Radio. While at school, she is the managing editor for The Statesman and president of the Stony Brook chapter of the Society of Professional Journalists. She is also vice president of the Latin American Student Organization, a member of the School of Journalism Student Advisory Board, and a University Scholar/Fellow who mentored freshmen in the program.

Ethan Ertel

Dix Hills, NY

*Biomedical Engineering and
Applied Mathematics & Statistics*

Ethan Ertel is an aspiring physician-scientist in University Scholars majoring in biomedical engineering and applied mathematics and statistics. He conducts neural respiratory control research in Dr. Irene Solomon's lab and studies COVID-19 predictive modelling with Dr. Hassan Arbab. Ethan served as a resident assistant in Roth Community for the past two years, where he promoted a welcoming living environment. Helping others in a classroom setting, Ethan was a teaching assistant for genetic engineering and the organic chemistry series. He is also a medical assistant, on both the tennis and bowling competitive teams, and involved in Jewish life on campus.

Samuel Escobar

Deer Park, NY

Biology

Samuel is a first-generation college student majoring in biology who graduated summa cum laude in December 2021. He was involved in multiple avenues of teaching, research, and leadership and aspires to be a physician and researcher in the future. Samuel participated in developmental biology research with two summers of funded research. He was also an executive board member for a non-profit fundraising organization to fund surgeries. Samuel served as a teaching assistant for various science classes and as a peer educator for how to recognize alcohol overdoses.

Joshua Goodman

Mount Sinai, NY

*Applied Mathematics & Statistics
and Biology*

Josh Goodman double majors in biology and applied mathematics and statistics. He demonstrates his passion for medicine as the alumni chair of the Phi Delta Epsilon Medical Fraternity, serves as treasurer of the Biomedical Engineering Society, and is a University Scholars member and Fellow. Josh conducts research on crystal complex band structure, emphasizing transient electron conductance changes. Since he was 17, Josh volunteered at his hometown ambulance corps as an EMT and now serves as a field training officer guiding new members to learn to care for their community. Josh will be attending medical school in August 2022.

Abdullah Hassan

Abu Dhabi, UAE

Biomedical Engineering

Abdullah is an aspiring physician in the University Scholars Program who is majoring in biomedical

Awardees

engineering and minoring in chemistry. He performs research and development with biotechnology and clinical applications in Dr. Clinton Rubin and Dr. Ete Chan's immunology lab and serves as the current secretary (and former STEM coordinator) of the International Biomedical Engineering Honor Society, Alpha Eta Mu Beta. He also performed research at the University of Maryland, where he published his work on a genetic variant that causes congenital cataracts. Abdullah is the college coordinator of the Muslim Students' Association and an organic chemistry head teaching assistant.

Vicken Khazar

Deer Park, NY

Biology

A champion for science, reason, and ethics, Vicken Khazar has always been driven by a natural curiosity to learn and the will to maximize the wellbeing of others. Vicken earned his BS in biology from Stony Brook University and served as the president of Watsi, a non-profit organization that raises funds to subsidize surgeries in developing countries. He applied his passion for teaching as a teaching assistant for six separate courses and is currently an adjunct lecturer for microbiology. Beyond academics, Vicken conducts research on adenovirus, volunteers as an ER transporter, and is a medical scribe at LI Urgent Care.

Sydney MacGregor

Clifton Park, NY

Human Evolutionary Biology

Sydney is an aspiring physician majoring in human evolutionary biology with a minor in health, medicine, and society. she is a research assistant in Dr. Gabrielle Russo's functional

morphology lab, currently working on an honors thesis about the evolution of lumbar lordosis in humans. Sydney works clinically as an EMT and field training officer with Port Jefferson EMS and as an emergency room technician at Saratoga Hospital. She volunteers on campus to educate students about alcohol and drug use and overdose in addition to serving as the president of the Undergraduate Anthropology Society as well as a member of Phi Delta Epsilon International Medical Fraternity.

Sasha McKay

New Rochelle, NY

Biochemistry and Sociology

An aspiring physician, Sasha combines leadership, compassion, and academics through her involvements on campus. She conducted research through the INDUCER program on the racial disparities of colorectal cancer in Mississippi and presented this research both on campus and nationally. She served as president of the Stony Brook College chapter of the NAACP and as vice president of her campus's Minority Association of Pre-Health Students. Sasha graduated summa cum laude with a double major in biochemistry and sociology and a minor in health, medicine, and society.

Alice Mo

Brooklyn, NY

Philosophy

Fascinated by questions of metaphysics, epistemology, and ethics in ancient philosophy as well as current-day local and global political issues, Alice Mo has diligently pursued both during her time at Stony Brook. She is the president of the Philosophy Club and a former tutor and TA for courses in philosophy and political science. Alice has also interned at New

York City and Suffolk County governmental agencies. Upon graduation, she plans to go on to graduate studies in philosophy, with the goal of either pursuing a career in academia or government.

Cassandra Skolnick

East Patchogue, NY

Women's, Gender, and Sexuality Studies

Cassandra Skolnick is a student leader and advocate who founded the nonprofit S.A.F.E., lobbying for progressive legislation and equal rights. Cassandra championed diversity and inclusion on campus as a supervisor for LGBTQ+ Services. She is a research assistant and teaching assistant, an alumni Leader of the Future, and an inaugural chairwoman for the Office of Multicultural Affairs Women's History Month Committee. She is a member of the Social Justice League and is certified in Bystander Intervention trainings for the Center for Prevention and Outreach. Cassandra also helped launch SBUBrooklogue, Stony Brook's undergraduate journal for the humanities and social sciences.

Lia Strait

Salt Point, NY

Biomedical Engineering

Lia Strait is a dedicated undergraduate researcher majoring in biomedical engineering. She has conducted research for 7 semesters under Dr. Mei Lin Chan and Dr. Clinton Rubin, was awarded a URECA research grant in Summer 2021, and was featured as a URECA undergraduate researcher of the month. Lia is a student leader on campus, serving as the president and captain of the Stony Brook Equestrian Team and previously as a peer tutor and teaching assistant. Lia plans to intern at Regeneron before starting her PhD.

Awardees

Shrey Thaker

Nesconset, NY

Biochemistry

An aspiring physician-scientist who matriculated in the Renaissance School of Medicine at Stony Brook through the direct BS/MD program, Shrey Thaker is a biochemistry major in the Honors College. He has conducted colon cancer racial disparity research in Dr. Jennie Williams' lab for almost six years, mentored 8 students in the lab, presented at two national research conferences, and is penning a co-first author manuscript. Shrey is currently editor-in-chief of the Young Investigators Review and led scientific communication-based initiatives such as the Young Investigators Writing Competition and the SBYIR Undergraduate Research Symposium. Shrey's professional goal is to earn an MD/PhD.

Ashutosh Yaligar

Cohoes, NY

Neuroscience

Ashutosh Yaligar is an aspiring physician-scientist pursuing a combined Bachelor of Science in biology and Masters of Business Administration in healthcare management. In addition to academics, Ashutosh incorporates his inquisitive nature and passions for problem-solving by conducting research with the Department of Cardiothoracic Surgery at Stony Brook Medicine. His clinical research focus is regarding the incidence, treatment, and outcomes of patients diagnosed with thoracic aortic aneurysms. On campus, Ashutosh has also served as the cofounder and vice president of the SBU Golf Club, vice president of the SBU Tennis Club, and the vice president for Team HBV.

SUFFOLK COUNTY COMMUNITY COLLEGE

Sabrina Arocho

Shirley, NY

Liberal Arts

Sabrina Arocho, a liberal arts major from Shirley, NY, holds a 3.9 GPA and has earned Dean's List recognition every semester for the last two years. Sabrina serves as president of the Student Government Association, president of the Honors Club, and secretary/treasurer of the Criminal Justice Club.

Elida Blanco-Buitron

Smithtown, NY

Radio & TV Production

Elida C. Blanco-Buitron, a radio and tv production major from Smithtown, NY, holds a 3.7 GPA and has earned Dean's List recognition every semester for the last two years. Elida serves as a senator of the Student Government Association, peer mentor, Campus Activities Board member, and a Get There From Here Scholar.

Daniel Canavin

Port Jefferson, NY

Liberal Arts

Daniel Canavin, a liberal arts major from Port Jefferson, NY, holds a 4.0 GPA and has earned Dean's List Recognition every semester for the last two years. Daniel serves as president of Phi Theta Kappa's Alpha Zeta Nu Chapter, a senator of the Ammerman Campus Student Government Association, and a Get There from Here Scholar.

Armando Escobar Castillo

Brentwood, NY

Information Technology

Armando Escobar Castillo, an information technology major from Brentwood, NY, holds a 3.9 GPA and has earned Dean's List recognition every semester for the last two years. Armando serves as founder and president

of the Global Connections Club, director of student organizations for the Student Government Association, and a peer mentor.

Jasmin Martins Abade

Sayville, NY

Business Administration

Jasmin Martins Abade, a business administration major from Sayville, NY, holds a 4.0 GPA and has earned Dean's List recognition every semester for the last two years. Jasmin serves as president of the PTK's Alpha Zeta Nu Chapter, vice president of NY Region PTK, an orientation leader, and a Get There From Here Scholar.

Rosena Petit Homme

Bayshore, NY

Psychology

Rosena Petit Homme, a liberal arts major focusing on psychology, is from Bayshore, NY, holds a 3.9 GPA, and has earned Dean's List recognition. Rosena serves as vice president of the Global Connections Club, vice president of SCCC's Book Club, a senator in the Student Government Association, and a member of the Campus Activities Board (CAB).

SUNY SULLIVAN

Nichole Connal

Ferndale, New York

Humanities

As a first-generation college student of immigrant parents, Nichole Connal believes education is the path to success. Her family moved to upstate New York from Queens, and the natural beauty of her surroundings has inspired her. Nichole's outstanding academic efforts in high school earned her the Presidential Scholarship from SUNY Sullivan. Nichole's community service and extracurricular participation earned her the honor of receiving the Sullivan Renaissance Scholarship.

Awardees

TOMPKINS CORTLAND COMMUNITY COLLEGE

Matthew Howard-Davis

Cortland, NY

Digital Cinema

Matthew Howard-Davis has been on the Dean's List consecutively at TC3 while serving on the executive board of the Student Government Association and holding two on-campus jobs. He is an involved member of the FSA Board of Directors and is co-chair of the Finance Committee. Matthew is an inducted member of the National Society of Leadership and Success and is a chapter executive board member.

Paige Innis

Wurtsboro, NY

General Studies

Paige Innis has excelled academically while serving in multiple leadership roles on campus, including serving as the student trustee. She has repeatedly been on the Dean's List and is an inducted member of Phi Theta Kappa and the National Society of Leadership and Success. She holds two on-campus jobs while also being a resident assistant and member of the Student Government Association and the Faculty Student Association.

SUNY ULSTER

Marlene Constant

Hurley, NY

Business Administration

Marlene Constant, a member of Phi Theta Kappa, is committed to her goal of earning her associates in business administration and moving on to pursue her master's degree in accounting. She is a multi-semester recipient of being named to both the President's and Dean's Lists at SUNY Ulster. As an adult learner working full-time as she pursues her degree,

Marlene aspires to continue to help others in business and accounting and, through scholarship support, assist others in attaining their college education in the future.

Kathryn Pellechio

Lake Katrine, NY

Human Services

Kathryn, a member of Phi Theta Kappa with an overall GPA of 3.56, is committed to academic excellence. She has been named to both the President's and Dean's Lists as she pursues her Associate in Science in human services. A proud mother of two who is working while pursuing her education full-time, her ultimate goal is to become a social worker at a school that caters to the needs of serving at-risk children and adolescents and helping them succeed in every way possible.

UPSTATE MEDICAL UNIVERSITY

Ingrid Martinez

Honduras

Doctor of Nursing Practice

Dr. Ingrid Martinez, DNP, FNP-C is a full-time family nurse practitioner at Upstate University Hospital Inclusive Health Services Clinic, specializing in the prevention and treatment of HIV. She is an alumna of the Upstate Medical University College of Nursing's Doctor of Nursing Practice program as of 2021 and Master of Science, Family Nurse Practitioner as of 2014. Dr. Martinez is a Spanish-speaking woman born in the Central American country of Honduras. Because of her background, she has a distinct understanding of healthcare disparities experienced by marginalized populations and brings this important cultural sensitivity to her current work with her patients.

Matthew Norris

Homer, NY

Doctor of Physical Therapy

Matthew Norris is currently in his final year of the Doctor of Physical Therapy program at Upstate Medical University. While enrolled at Upstate, Matt has served as class president and been highly involved in areas of leadership, community service, and campus involvement. He was awarded the Kevin Reistrom Memorial Scholarship and the Sue Miller Scholarship Award during his tenure at Upstate. He graduated from SUNY Cortland in 2019 with a BS in exercise science. Upon graduation in May 2022, he plans on working as a DPT in the homecare or acute care setting.

WESTCHESTER COMMUNITY COLLEGE

Guadalupe Conde

Port Chester, NY

Social Science

After overcoming a series of personal challenges, Guadalupe Conde began taking classes at Westchester Community College. She holds numerous leadership roles on-campus, including Student Government treasurer and vice president of the Phi Theta Kappa Honors Society. She has also excelled academically, having been accepted into the WCC Honors Program and named the recipient of the prestigious Kathryn W. Davis Global Community Scholarship. In addition, she is devoted to service. Guadalupe organized an on-campus blood drive and led the effort to revitalize the WCC community garden that provides fresh fruit and vegetables to the on-campus food pantry.

Awardees

Paulina Jaskiewicz

Chorzow, Poland

Digital Filmmaking

Paulina Jaskiewicz was born and raised in Poland and moved to the United States in 2018. She is president of the WCC Film Club and vice president of Phi Theta Kappa for communication & public relations and college projects. She directed and produced the award-winning short documentary *Wide Open Dreams*, which is now on its festival run. The film was officially selected to various prestigious film festivals, including Oscar- and BAFTA-qualifying events. Paulina also completed the Commit to Change Leadership Development program. She maintains a perfect 4.0 GPA.

Liam Murphy

Denver, CO

Business

Liam Murphy is dedicated to service, both to Westchester Community College and his greater community. He is an active student leader, serving as the editor-in-chief of the *Viking News*, the student-run campus newspaper, and as president of the Finance and Investment Club. Liam also completed the Commit to Change Leadership Development program and was a student coordinator for the college's alternative spring break serving learning program. Even with all his campus community involvement, he was able to maintain a perfect 4.0 GPA.
